

KEYSTONE DIVISION MEN HOLD REUNION

250 Pennsylvania Veterans Meet at Barbecue in Augusta, Ga.

HERO WINS A BRIDE

Special Dispatch to Evening Public Ledger—Augusta, Ga., April 9.—(By A. P.)—A picturesque scene yesterday afternoon formed the setting for a novel and happily enjoyed event when 250 former members of the Twenty-eighth (Pennsylvania) Division were entertained at an old-fashioned southern barbecue. Accompanying the visitors were their wives and women acquaintances of Augusta, together with a number of other guests who extended hospitality to the Northerners during their encampment at Camp Hancock.

A romantic incident of the day was the announcement of the marriage of Neil Whitney, a member of Company E, 105th Engineer Battalion, to Miss Elizabeth Mary Smyth, of this city. It marked the culmination of a courtship begun during the encampment of the division at Camp Hancock.

When the train bearing the Pennsylvania veterans rolled into the station here on Monday, Miss Smyth was at the depot. Without informing their friends, Whitney and his sweetheart went to the paragon of the Rev. Dr. Joseph R. Servier, pastor of the First Presbyterian Church, where they were married. They will reside in Augusta. The romance was made public yesterday at the barbecue. The bride and groom stood on a platform as the news was announced by the president of the Pennsylvania Club of Augusta. Fifty cameras were promptly leveled at the platform, and a moving-picture man improved the opportunity to obtain an interesting film.

Following a luncheon at Carmichael's, the guests were entertained by members of the Twenty-eighth Division. They will meet in business session with representatives of the Augusta Board of Commerce and effect a permanent Twenty-eighth Division Reunion Association for the major purpose of arranging a reunion of Keystone soldiers who were in Camp Hancock, to be held each year in Augusta.

The idea originated with the visitors, who proposed it to Augustans, who were instrumental in making the 1920 reunion the great success it is proving to be.

The business program will include the election of officers for a Pennsylvania association and the election of officers for a permanent organization to be maintained in Augusta. A program will be presented providing for each of the sixty-seven counties of the Keystone state to effect auxiliary or local lodges to work with the State Department.

BREAKS BLACK SEA RECORD

U. S. Destroyer Travels Nearly 900 Miles in Twelve Hours

Constantinople, April 9.—(By A. P.)—The United States torpedo boat destroyer Cole arrived here from Feodosia, in the Crimea, yesterday, in the fastest long-distance run in the history of Black Sea navigation. The Cole started with only a twenty-four-hour supply of food and water and raced the nearly 900 miles to Constantinople at an average speed of forty miles an hour. The time was twelve hours flat.

Twelve Russian refugees, who lately escaped from Odessa, were on board the Cole. They are now in the Red Cross Hospital being treated for wounds and typhus.

WITH FINGERS!
CORNS LIFT OUT

Costs few cents! Doesn't hurt a bit! Drop a little Freezone on that touchy corn, instantly that corn stops hurting, then you lift it right out, with the fingers. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius.

DR. JOHN A. BRASHEAR
"Uncle John," world-famed astronomer, died in Pittsburgh last night at the age of eighty.

JOHN A. BRASHEAR DIES

Noted Astronomer Was Honored as Greatest Pennsylvanian

Pittsburgh, April 9.—Dr. John A. Brashear, world-famous astronomer and maker of astronomical instruments, died of general physical breakdown at his home here last night. He had been confined to bed for two weeks, although in ill health for six months. At his bedside were a son-in-law, James B. McDowell, whose wife was sick in an adjoining room, and a granddaughter-in-law, Mrs. John A. McDowell.

Doctor Brashear, affectionately known as "Uncle John," was born in Brownsville, Pa., on his eightieth birthday, a few weeks ago. He received thousands of messages of congratulation from all over the country. In 1914, when San Francisco exposition officials wanted to honor the greatest living Pennsylvanian, Doctor Brashear was chosen out of a list including John Wanamaker and Rev. Russell H. Conwell.

After a common-school education Brashear worked as a machinist. At the age of thirty he began making astronomical instruments on a small scale. The demand for his products grew and in later years he manufactured some of the world's largest telescope lenses. He was a member of many important scientific organizations, including the Royal Astronomical Society of Great Britain, British Astronomical Association and similar organizations in this country.

Doctor Brashear will be buried beside his wife in a tomb for which he selected this epitaph:

"We have loved the stars too fondly to be fearful of the night."

OVERALL CLUB HITS H. C. L.

Host of Alabama Men Aligned for Simple Garb

Birmingham, Ala., April 9.—(By A. P.)—Two thousand men in all walks of life have joined the Birmingham Overall Club in a campaign against the high cost of clothing. Started in a spirit of jest, the idea rapidly gained converts and today the headquarters of the club was thronged with volunteers anxious to sign the roster.

Gadsden, Ala., April 9.—(By A. P.)—Rotarians here appeared at their weekly luncheon today dressed in overalls. Senator Underwood was among the guests.

AFTER BIGGER GAME IN VICE CRUSADE

N. Y. Prosecutor Says He Wants More Than "Mere Police Inspector"

PROBE CAUSING SENSATION

By the Associated Press

New York, April 9.—Investigation of the bank accounts and stock speculations of five police officials was started today by Assistant District Attorney Smith, with the announcement that he is after bigger game in his crusade against vice and graft than Inspector Dominick Henry or any of the eight other men already under indictment.

"If the people of New York have any doubts," said Smith, "let them look after the bank accounts and stock transactions already made public, and they will understand why the police and city officials have been attacking me."

"I know that I have got to build a foundation before I can erect a house. I have the foundation finished, and now I will start to do a little building. I repeat, the game I am after is bigger than a mere inspector of police."

With the indictment of Inspector Henry, Mr. Smith's crusade against the Police Department has created a greater stir than any shake-up that has occurred since Lieutenant Charles Becker and the gambler Herman Rosenthal killed for "squealing."

Henry, who has been in charge of the underworld district embracing cabarets, dance halls, hotels and theatres that center on the seamy portion of Broadway known as the great white way, has deposited more than \$50,000 with brokers in less than a year, and \$10,000 is now due him, according to a transcript of his accounts made public by the district attorney's office. His salary is \$4,400 a year, and the indictment charges him with neglect of duty in failing to suppress eighty-three specified establishments.

SUGAR PRICE UNCERTAIN

Cuban Crop Will Be Reduced, Says President Menocal

Washington, April 9.—(By A. P.)—Because of conditions in the Cuban sugar industry it would not be possible to fix a price for the crop, President Menocal said in a cablegram today to Senator McNary.

Senator McNary cabled the president several days ago that Cuban raw sugar was bringing \$14 a hundred pounds in New York and that in view of the prices charged consumers here he feared "much profiteering is being done at the expense of the Cuban producers and the American consumers."

President Menocal said the "April price for Cuban sugar was \$13.83 a hundred pounds and that the market was unsteady.

"Crop will be largely reduced by continuous lack of rain," he said.

ADA LEWIS PLAYS CUPID

W. D. Harrigan and Louise Groody, Stage Folk, Wed at Newark

New York, April 9.—William D. Harrigan, leading man in "The Acquittal," and Miss Louise Groody,

playing in "The Night Boat," were married in Newark, N. J., on last Tuesday afternoon. It was entirely a romance of the stage, for they were introduced to each other about four months ago by Miss Ada Lewis, who has an important part with the bride in Charles Dillingham's musical comedy, "Miss Lewis has known Mr. Harrigan for years, for she appeared with his father, Ned Harrigan, when he appeared

in "The Mulligan Guards," "Rally and the Four Hundred" and other Harrigan and Hart successes.

Miss Groody is a newcomer to the metropolitan stage. Mr. Harrigan gained distinction overseas in the war as a captain in the 307th Infantry and was wounded when leading his company to the relief of the "lost battalion" in the Argonne. His first wife was Miss Dorothy Langdon, an actress, whom he married on October 12, 1915.
