REAL ESTATE FOR SALE

CITY .

WE HAVE a very desirable property for sale; it is a small apartment building, located on a corner in a central neighborhood, where values are increasing rapidly; it is beautifully furnished and all the apartments are occupied at attractive rentals; about \$20,000 in cash is required to handle the property; less if the property is refinanced, and the income on the investment will amount to about 20 per cent per annum; this does not take into consideration the profit to be made from increase of values in this neighborhood nor the attractive speculative features of the property.
