

# GLI ALLEATI E LA QUESTIONE TURCA

## I Punti di Vista di Wilson Sulla Turchia Sono Stati Rigettati

Postmaster General. Published and Distributed Under PERMIT NO. 841, 1917, on file at the Postoffice of Philadelphia, Pa. A. S. BURLINSON, Postmaster General.

San Remo, 19 aprile.—Il trattato con la Turchia sarà consegnato alla Delegation Ottomana in Parigi il giorno 10 maggio prossimo.

I Primi Ministri Alleati hanno annunciato tale decisione oggi ed hanno anche dichiarato che essi sono in pieno accordo relativamente ai principali punti del trattato. Soltanto alcuni dettagli rimangono da essere sistemati. Questi riguardano principalmente il modo di regolare l'uso dei Dardanelli ed il controllo di Costantinopoli. Fu anche deciso che le nazioni alleate occuperanno Gallipoli.

I Tre Primi Ministri Alleati hanno preparato una lettera per il Presidente Wilson in replica alla sua comunicazione dello scorso mese, relativa al trattato con la Turchia. Nella lettera i rappresentanti degli Alleati cortesemente si rifiutano di accettare i suggerimenti di Wilson, il principale dei quali riguarda l'espulsione dei turchi dall'Europa. Per quanto la lettera non sia stata resa di pubblica ragione, pure si assicura che in essa i Primi Ministri Alleati sostengono la necessità che il sultano

## Charming interiors done by Wilson

If you're planning to have the interior of your home decorated this spring, remember Wilson has a department equipped to add that restful charm to rooms, for we know how to add good taste to good painting—inside or out. And behind our estimate is 69 years' experience.

**WILSON'S GOOD PAINTING**  
Will stand the test of time

sia lasciato in Costantinopoli e che contingenti alleati resteranno nella detta città per controllare le azioni del governo turco ed impedire che questo divenga pericoloso per i vicini e per gli Alleati.

Fiume, 19 aprile.—Gabriele D'Annunzio sta formando la "Anti-Lega delle Nazioni", consistente di elementi di minorità in tutte le nazioni dei popoli oppressi, la quale sarà chiamata la "Lega di Fiume". La Conferenza per detta Lega è stata fissata per il 15 maggio in Fiume. Si attendono delegati dall'Egitto, Irlanda, Turchia, Persia, Montenegro, Ungheria ed India.

San Remo, 19 aprile.—I preparativi per un ardito programma di riforma mirante a meglio distribuire i terreni, ad organizzare grandi fabbriche ed alla partecipazione dei concetti di lavoro nelle

industrie, sono stati fatti dal Governo Italiano, secondo quanto ha dichiarato l'On. Nitti in un'intervista concessa in San Remo e riportata dal giornale "Tribuna".

L'On. Nitti avrebbe anche dichiarato che l'Italia è desiderosa di riprendere le relazioni commerciali con la Russia e vuole che italiani si rechino in Russia per personalmente studiare la reale situazione di quella nazione. He soggiunto che l'Italia desidera, pure, che la Russia divenga di nuovo il grande mercato per il materiale greggio in Europa.

Pass Delaware Bonus Bill

Dover, Del., April 20.—The lower house of the Legislature yesterday passed Representative McNabb's soldiers' bonus bill, not a dissenting vote being cast against the bill.

## FORMS "LEAGUE OF FIUME"

Minorities Among "Oppressed Peoples," D'Annunzio's Aim

Fiume, April 20.—(By A. P.)—Gabriele D'Annunzio is forming an anti-League of Nations, consisting of minority elements in all countries of "oppressed peoples," which will be called "the League of Fiume." He has invited a conference at Fiume on May 15. Delegates are expected from Egypt, Ireland, Turkey, Persia, Montenegro, Hungary and India.

Leon Kochvitmily, D'Annunzio's "secretary for foreign affairs," said to the Associated Press: "We will include in the league of Fiume all peoples which the Peace Conference has put

under the heel of peoples of other races."

"We will include the Germans of the Sarre, of Austria and Danzig, the Turks and Egyptians, certainly the Irish, the Hindus and peoples of Dalmania, Croatia, Montenegro, Malta, Morocco, Algeria, Syria, Palestine, Cuba, Porto Rico and Panama. "D'Annunzio has used the good points of both sides in his constitution and rejected the bad ones. We have chosen for the league a flag with a red field and gold serpent, signifying revolution and eternity."

## TYPHUS RAVAGES SIBERIA

Thousands Perish as Plague Spreads, Says Red Cross Doctor

Victoria, B. C., April 20.—(By A. P.)—Typhus has killed thousands in Siberia and other thousands still are falling victims to the scourge, Dr. A. K. Higgs, head of an American Red Cross party returning from there, said today. "The Allies' Red Cross organizations have done splendid work in Siberia," asserted Doctor Higgs, "but conditions

are so fearful that it was absolutely impossible to cope with the dread disease." The Russians are left to their own

resources in fighting the pestilence and famine, for the other allied Red Cross organizations evacuated the field prior to the departure of the Americans.

The Most Beautiful Car in America

## Manufacturers!

### INCREASE YOUR PRODUCTION WITH AUTOMATIC MACHINERY

In this way alone you can overcome increased labor costs and labor shortage. We can design automatic machinery that will speed up your production now while demand exceeds supply and thereby increase your profits from increased sales and decreased production costs, and later when supply equals demand you will be prepared to profitably produce in the face of competition.

**A Few of the Labor, Time and Money Saving Machines We Are Now Constructing for Manufacturers**

**CANDY** Automatic machines that wrap in paper molasses kisses, hard candies, etc. Machines that wrap in foil chocolate bars and small candies. Machines that wrap 2500 packages of hard candy a day.

**SOAP** Automatic machines that wrap each cake in tissue paper, put in cartons and fold cartons and put cartons in larger box.

**POWDER** We will make machines that build up a carton or box, weigh and fill the same with powder, place cover on the box, wrap the box completely with a printed wrapper, and then place a trade-mark seal on each end of the package and place package in larger cartons.

**BOTTLES** We will design machines that will automatically make boxes from sheets of cardboard, put them together, tuck in the bottom end, place the jar or bottle with circular or directions therein, tuck in top, making complete cartoned package without the touch of the human hand.

**FABRICS** Machines that will automatically tie tape around piece goods, wrap in paper and leave ticket on outside of package.

**CIGARS** Machines that will automatically wrap cigars in paper and foil.

**PILLS** Machines that will count pills, place them in glass bottles, put label on bottles, put bottles in carton and seal carton.

**ENVELOPES** Machines that will put powder puffs or any other article in envelopes and seal same automatically.

NO MATTER WHAT YOUR PRODUCT, WE CAN SHOW YOU HOW TO INCREASE PRODUCTION AND DECREASE PRODUCTION COSTS. MAY WE CALL AND GIVE DETAILS?

## Your Last Opportunity to Secure The Book of Knowledge Before the Necessary Advance in Price

THE average child is not a willing learner. WHY? Not because he is lazy, for he is the busiest worker anywhere to be found when he is doing what he likes. The key to the child's mind lies in the one word INTEREST. He will remember what delights him; he will promptly forget what is dry and tedious. You cannot "forcibly feed" the child's mind. THE BOOK OF KNOWLEDGE possesses in the highest degree the power to awaken and stimulate in the child a keen interest in the World Wonderful. Its 10,000 striking educational pictures make the first appeal to the eye, and the brief and fascinating articles, written in simple language, tells the child everything he needs to know in all the great departments of knowledge. Nature, Science, History, Biography, Astronomy, Physiology, Art, Poetry, Literature and Educational Occupations. It is the greatest educational achievement of the century.

## THE ROYAL ROAD TO LEARNING

The royal road to learning today is the picture road. It is stated on good authority that motion pictures will soon supplement the text books in the schools. Pictures speak louder than words. The eye is the first and greatest teacher and the child can grasp an abstract truth or a scientific fact at once if he sees it illustrated by striking and attractive pictures. The marvelous success of THE BOOK OF KNOWLEDGE in teaching the children important and essential knowledge of the world in a way that delights them and holds their absorbed attention, is due to the 10,000 wonderful pictures which accompany the brief articles. This original work is so organized and arranged that the child can easily find out for himself what he wants to know. Instead of being wearied and bored in the process, he is delightfully entertained and acquires almost unconsciously an appetite for knowledge and "the joy of the chase." THE BOOK OF KNOWLEDGE in your home TODAY!

### Answers every Question a Child Can Ask

Why do we grow old?  
Who made the first electric light?  
How did the dogs get their names?  
Why is a river always running?  
Why does lightning strike some things and not others?  
Where does the wind begin?  
Why does the kettle sing?  
Where do thoughts come from?  
What makes coal burn?  
Why has a star five points?  
What is it like at the bottom of the sea?  
Why are tears salt?  
Why do we have names?  
What is a thunderbolt?  
How high can men fly?  
Is the earth hollow inside?

### What Do You Believe?

Do you believe that right education is the nation's greatest hope? Do you believe that the education of your child is of the utmost importance to the nation? Do you believe that in education lies the difference between failure and success? Upon your conviction in this matter your child's future depends. Statistics tell us the story in the simplest form:—"If uneducated, he has one chance for success in 150,000; with a common school education, 4 chances; with a high school education, 87 chances; with a college education, 800 chances"; with THE BOOK OF KNOWLEDGE in the home, EVERY CHANCE. Give your child his chance to compete with the thousands who have this indispensable work in the home.

**If There Are Children in the Home Mail This FREE COUPON Today**

Ledger Readers may obtain free of charge the valuable and attractive illustrated book of specimen pages from THE BOOK OF KNOWLEDGE. Let the children decide whether this new method of education interests them. Send for FREE 80-page book which contains the following subjects: *The Sun and His Family, What Our Skin Is Like, How the Nail Grows on the Finger, How the Teeth Grow, The Nerves of Smell, The Marvel of Hearing, The Lords of the Wild Kingdom, A Concrete Ship in the Water, The Wonderful Birth of the Wheat, How We Dig Up Sunshine, Making the Desert Blossom, Canada the Wonderland, The Republics of South America, The Boy Carpenter's Box of Tools, West Point and Annapolis, and Others.*

## WAR SURPLUS PLANT SITES

# Loses big plant-site opportunity by delay

### Manufacturer misses opportunity at Hopewell by a few hours—Another concern takes advantage by quickly closing deal

A nationally known manufacturing concern recently investigated Hopewell, Virginia. The president and several executives of the organization took a trip to Hopewell "to be shown." They wanted to SEE what opportunities Hopewell had to offer them.

Every hour during the two-day tour of investigation made them more enthusiastic about Hopewell. They discovered numerous advantages for their business which we had not mentioned. Above all, they found just the site they needed, perfectly suited to their industry. Before closing they decided to hold one more conference.

Unfortunately for them the conference lasted a little too long. In the interval another manufacturer came to Hopewell and the same day closed with us on the spot for that same piece of property.

Don't let delay cost YOU money

You can't afford to be in the position of the first manufacturer, when you consider the following advantages which Hopewell still holds out to you:

- A deep-water port and railway centre.
- Factories ready for occupancy.
- Factory sites with railway sidings.
- Adequate labor, male and female.
- Low-priced power.
- Abundance of pure water.
- No harmful municipal restrictions.
- Mild and healthful climate.

Don't delay. Take advantage of the opportunities at Hopewell while you may. The sooner you investigate, the sooner you get the most desirable plant-sites or factory buildings.

Write, phone or wire at once for appointment, or come directly to Hopewell or to our Wilmington office.
