BROWN WINS GREAT BOUT FROM CHANEY

Victory is Close for the Kid in Sensational Six-Session Scrap at the Olympia.

By LOUIS H. JAFFE

DIRECTOR OF PUBLIC SAFETY JAMES T. CORTELYOU'S new boxing code to govern the game in Philadelphia is not effective until May 1.

Neither Hurt nor Chaney was hurt. Neither was in danger of being put away at any time during the hurricane.

For the first two rounds there was little, if anything, to choose between the two fighters.

PENN NINE GETS FIRST BIG SHAKE-UP

Cook Sent to First Base, Yates to Right and A. Wray to Left. Peters Benched

Shake-ups are in order out at Penn. Recently Coach Wright kept the varsity and junior cronies on uneasy streets by continually shifting his two eights

Cariss is not satisfied with the batting prowess of the Red and Blue, who were woefully weak against Lehanon Valley, which incidentally gave Penn its first defeat of the baby season.

Brownie was the one to slow up when the fifth came around. Chaney, with renewed vigor, tore into the Kid, stayed inside and pelleted away at Har-

The frenzied fans were on edge for a humdinger in the final frame. And they weren't disappointed. Both Brown and Chaney left their corners like a pair

Referee Lou Grimson was entitled to the verdict in the semifinal when he stopped the bout between Jack Toland and Mike Kerns, an overrated boxer

Oxford-Cambridge Combination Pleased With Conditions in Philadelphia—One Man Hurt

FOR THE first time since the days before the beginning of the war the Blue of Oxford flashed when the cinders of an American track when the Oxford-Cambridge relay team had its first workout on Franklin Field yesterday afternoon.

It was the first chance the five runners would wear the light and dark blue of the two great English universities

As they took their first spliced steps on the cinders of Franklin Field yesterday afternoon, the Englishmen looked much slimmer and lighter than most

Coach Shrubbs decided that the order would be very light and nothing more than a little limbering up to get the stiffness out of his pupils' legs.

The two most important games on this month's schedule will be played this week. Harvard appearing on Franklin Field Thursday afternoon, and on Saturday the red and blue will dot the greensward at New Haven against

Captain Rudd, who is training for the 220-yard relay in addition to the relays, was enthusiastic about the weather and track.

"We're all having a fine time at the cricket club and I'm sure we'll get a lot of hot for me when I'm running. Your track is the finest one I've been on, with the exception of Stamford Bridge track, where the British championships are held, which is equally good.

"Our training is a bit different from that of your boys," remarked Coach

This System Protects Cars Against Thieves and Joy Riders

Security Auto-Theft Signal

The Security Auto-Theft Signal is a bright red enameled, pointed metal shackle that should be attached to the right front wheel when you leave your car. It is conspicuous.

There is no installation cost. It is locked in a second by a 5-pin tumbler lock with the owner's private key. No interference with any working part of the car. Your mind is at rest when it is placed on your car. The police and public are on guard. Only the owner can take it off.

Police departments throughout the U. S. and Canada are well informed of this System. Over 200,000 cars are being successfully protected by the System. It is the one proven way to protect cars from being stolen. There is a style and size to fit your car. Your dealer has them and will supply you.

The Security Mfg. Co. of Los Angeles will pay One Hundred Dollars (\$100) reward for the arrest and conviction on the charge of grand larceny, or other felony charges, of anyone operating an automobile guarded by a Security Auto-Theft Signal, or tampering with the Theft Signal, or trying to remove it from the wheel of the car without the proper key.

MERCER Men of big vision are building the Mercer car. DOES it make any difference to you what sort of men design and build the car you use and frame the policies under which it is sold? Of course you answer "yes" and so do we—all the difference in the world. Big men build big institutions, and big institutions manufacture sound merchandise and sell it under wise and equitable policies. We also say without hesitation that the reorganized Mercer Company, under the operation of Harold Motors, is managed by the most experienced group of executives and the best balanced team of officials in the automobile industry, and what these men are satisfied to build anyone may be satisfied to buy. If we have never seen a Mercer car we should not hesitate to endorse it because of what we know about the institution behind it. Knowing the car through and through as we do we are equally ready to endorse it for its own sterling sake. But the buyer need take nothing on faith unless he wants to. The car is here—ready and thoroughly able to speak for itself. SAMUEL EARLEY MOTOR CO. 675 North Broad Street Poplar 1991
