**Suppose You Had to Do the Washing?**

Picture yourself doing the washing—lugging around the tubs and clothes basket; wallowing in a tub of hot, smelly water; scrubbing away until your back aches. How long do you think you would stand it?

That is what your wife faces every week. She will welcome a way out of these difficulties. Here is the way—the Family Laundry Service of her present laundry. Every piece will be washed spick and span and the cost is much less than you imagine.

With Family Laundry Service the whole family washing is collected by the laundryman and returned laundered as follows:

All flat pieces, including bed linen and towels, washed, smoothly ironed, evenly folded and ready for use.

Wearing apparel, all underclothing, dresses, children's garments, etc., carefully washed and dried (and starched where necessary) ready to be dampened and ironed.

Many undergarments may be worn without ironing, due to the method of drying. This will save a great deal of your work in finishing that portion of your wash.

All that Family Laundry Service requires is one trial—after that your wife will never go back to doing it herself. Get her to try it this week.
