

MEXICAN REVOLT MENACES PORTS

Rebel Forces Advance on Mazatlan and Mazatlan. Guaymas Captured

OIL FIELDS THREATENED

By the Associated Press
Agua Prieta, Sonora, April 26.—Following the capture of Guaymas, another Pacific coast port of Mexico, Mazatlan, state of Colima, is menaced by revolutionary forces, according to an official bulletin issued by the Sonora military officials here.
 The revolutionary army under General Angelo Flores is rapidly approaching Mazatlan, the bulletin said, while the federal troops are said to have burned bridges and to have thrown up fortifications apparently with the intention of making a stand.
 General Porfirio Gonzalez, who rebelled last week at Linares, Nuevo Leon, is said in Mexican official reports to have been defeated by federal troops. A detachment of federal troops has been sent from Mexico City to Michoacan in an effort to prevent further rebellion among the people of that state.
Los Angeles, Cal., April 26.—(By A. P.)—The city of Guaymas, Sonora, on the Gulf of California, was captured April 22 without a shot being fired by 2000 Sonora state troops, commanded by General Angel Flores, according to Captain N. K. Jacobson, of the Gulf Mail steamer Nehalem, from Corinto to San Francisco, which arrived at Los Angeles harbor yesterday.
Grounded Yacht Elfay in Port Washington, April 26.—(By A. P.)—The schooner yacht Elfay, owned by Russell A. Alger, of New York, arrived at Hampton Roads today in tow of the coast guard Manning, which floated it yesterday from a reef near Buford, N. C.
 Sonora officials said they believe the desire for American warships at Mexican ports was due to the fear of foreign ships that Carranza's ships might bombard the city. Naval bombardment is expected at Mazatlan, the present objective of General Flores, it was said. Tampico oil fields have been cut off from rail communication with the balance of Mexico by revolutionary troops.
