

SEEK TO PUNISH RAIL STRIKERS

Action Against Leaders Begun in Newark by U. S. District Attorney

NEW STRIKE IN TOLEDO

By the Associated Press
 New York, April 29.—Federal action to punish leaders of the strike of railroad workers in the New York-New Jersey district was begun in Newark, N. J., today when United States District Attorney Joseph L. Bodine called witnesses before a grand jury to testify regarding the strike.

The action followed a conference here yesterday of Assistant Attorney General Charles B. Ames, Mr. Bodine and United States District Attorney Francis G. Caffey, of New York, at the conclusion of which Mr. Ames announced indictments would be sought both in New York and New Jersey. Mr. Caffey said today he would withhold grand jury action in New York until the Newark jury had completed its investigation.

Virtually all traces of the strike now have disappeared, according to statements made by officials of the various railroads.

Hoboken, N. J., April 29.—Guards and members of the crew of an Erie Railroad freight train were overpowered here yesterday by a crowd that climbed upon the train when it was forced to slow down at a crossing. The locomotive was unhooked and the engine was forced to drive it to the Woodstock yard. Four men rode in the cab until it entered the yard. The crowd dispersed after damaging the brakes so that the train could not be moved after two hours.

Toledo, O., April 29.—By A. P.—The strike of switchmen in the Toledo district was renewed on a small scale last night when five crews of three men each in the yards of the Michigan Central refused to go to work. Railroad officials expressed the opinion that the strike was expected to spread when the day crews report for work today, as a large amount of dissatisfaction has been expressed over

GAMBLERS' STRIKE FAILS

Americans Lose Sonora Jobs When Huerta Halts Gaming
 Agua Prieta, Sonora, April 29.—(By A. P.)—American gamblers here who went on strike for higher pay have lost their jobs, as have the Chinese "strike-breakers," who took their places as dealers at the gambling tables.

All gambling will be stopped after today under orders of Governor de la Huerta, supreme commander of the "liberal constitutional" army, announced General P. Elias Calles, military commander of revolutionary troops in northwest Mexico.

The American gamblers were paid \$10 a day and demanded an additional \$3. Their efforts to organize a "sympathetic strike" among the players were partly successful, it was said.

MAY SOLVE DANSEY CASE

Two New Arrests Impend as Grand Jury is Sworn in
 Atlantic City, April 29.—With the drawing at Mass Landing yesterday of a new grand jury it was said two new arrests impend in the mystery surrounding the fate of Billy Dansey, missing since last October. Whether the arrests will follow County Prosecutor Gaskill's theory that Billy was killed by members of the White family or will blame an entirely new trail, the informant refused to say.

Although nearly five months have elapsed since warrants for murder were sworn out against White, Mrs. Jones and Mrs. Susan White, the case has never been presented to the grand jury. Former Mayor Boyer, of Hammonton, said unless the prosecutor's office either presses or quashes the charges there is a possibility of a popular uprising in the village.

MINERS STANDING 'PAT' ON DEMANDS

Anthracite Workers' Leaders Enter Into Conference With Operators
 Arbitration Turned Down
 By the Associated Press
 New York, April 29.—The fate of the anthracite wage negotiations appeared today to rest with the mine operators' representatives on the subcommittee appointed to negotiate a new agreement for the hard coal region.

Rejection by the mine workers of the operators' offer of a wage increase of approximately 15 per cent or arbitration by a board named by President Wilson, left the negotiations in deadlock last night.

Representatives of the miners, before going into session with the operators today, declared that they had no further suggestion to offer and would stand on their demands as presented. The operators did not indicate whether they would have anything new to offer.

WITHDRAWS RAP AT HOOVER

Providence Paper Apologizes for Charging Collusion With Wilson
 Providence, R. I., April 29.—The Providence Journal said editorially this morning:

"On March 31 an editorial appeared in these columns casting serious doubt on the single-mindedness of Mr. Hoover's candidacy for the presidency and suggesting, by reference to a series of incidents, that there might be ground for the belief that Mr. Hoover was being used as a possible heir of Mr. Wilson and as a candidate who, if successful, might be depended upon by the present administration to carry out its policy."

"Immediately after the appearance of that editorial Mr. Hoover, who was greatly concerned by the implication it contained, proceeded to present to the Journal the facts with relation to his candidacy and indisputable proof of the incorrectness of the assumption. In view of these facts and our entire belief in Mr. Hoover's sincerity, the Journal is glad to be able to state to its readers that there is no truth in any suggestion of collusion between them, and beyond all, that there is an entire lack of sympathy on Mr. Hoover's part."

And now—a perpetual business show—

The National Business Show was a tremendous success. Thousands of people crowded the First Regiment Armory every day last week. They went away with a new appreciation of the never-ending improvements in office methods.

We hope you visited the National Business Show. We hope you saw the Library Bureau exhibit.

As one man expressed it, he had been hearing about Library Bureau for years, but he had never so fully realized its ability to help him as when he saw its complete exhibit of card and filing systems.

Here at our salesrooms you will find a perpetual business show.

We invite you to call, even if for no other reason than to look around. Here are card and filing systems for every need and for every business. Here are salesmen trained in the exact science of filing—glad to answer all your questions.

Whether your order is for a thousand cards costing a few dollars, or for filing equipment and systems costing thousands of dollars, you will find it pays to think of Library Bureau. Forty-four years experience means something!

Fill your plant with this sunlight

WHAT happens to the sunlight after it enters the windows of your factory? Is it wasted? Do your ceilings and walls absorb sunlight instead of reflecting it?

Covered with flat finish paints, ceilings and walls collect dirt instead of repelling it. When soiled they cannot be washed clean. In a short time, therefore, their reflecting power is greatly diminished.

Yet the same ceilings and walls covered with BARRELED SUNLIGHT will increase the daylight in your plant 19% to 36%. Actual tests assure this.

BARRELED SUNLIGHT—the OIL paint with a glossy, tile-like finish—reflects ALL the light that enters your windows. Moreover, it will retain its reflecting efficiency for years.

Sanitary as white tile

BARRELED SUNLIGHT (The Rice Process Mill White) is the ORIGINAL Mill White. It contains neither varnish nor lead. Its high gloss surface resists dirt and may be washed clean, like white tile. It is of durable, elastic composition; it can, therefore, expand and contract with temperature changes. It does not crack. It is dirt-proof, germ-proof. Absolutely sanitary.

Remains White Longest

Applied on the ceilings and walls of your plant it will remain white longer than any other mill white. This we guarantee.

Moreover, although its price per barrel is slightly more than that of other mill whites, its actual cost per square foot of space covered is less. Its extraordinary covering power and ease of application save 16% to 21% of the cost in paint and painter's time. In more than 6,000 plants artificial lighting bills are decreased, daylight working hours increased, by use of Barreled Sunlight.

Sold in barrels, also in cans. May be applied by brush or spray method.
