

INDUSTRIAL LEAGUE ADOPTS SCHEDULE

Will Open Season Tomorrow Afternoon With Ten Clubs in the Circuit

With the strongest circuit in its history, the Manufacturers' Baseball League is ready to officially inaugurate the 1920 industrial baseball season tomorrow afternoon with appropriate ceremonies.

The Manufacturers' League is composed of ten teams. For a while yesterday it appeared as if the oldest and only charter member, the H. C. Wheeler club would be lost.

- May 1—Hale & Kilburn at Wheeler, Barren... May 2—No game... May 3—No game... May 4—No game... May 5—Hale & Kilburn at Hale & Kilburn...

WANTS A. A. U. EVENTS MORE LIKE OLYMPICS

Rubien Advises Change to 5000 and 10,000-Meter Run and 3000-Meter Walk

New York, April 30.—Frederick W. Rubien, secretary of the American Olympic committee, in a letter yesterday to members of the championship committee of the A. A. U. recommended the elimination of three standard events from the national senior and junior A. A. U. track and field championships.

The events that he recommends for elimination are the five-mile run, the one-mile walk and the 220-yard hurdle race. In their place he would substitute the 5000-meter run, the 10,000-meter run, and the 3000-meter walk.

The Olympic committee is also planning to conduct a pentathlon championship, which will be designated as an official Olympic tryout. The scene of the event will probably be near Chicago, and the date will be selected later.

McCormell Syracuse Manager Syracuse, N. Y., April 30.—Ambrose McCormell, manager of the Syracuse Stars, yesterday advised that the team would continue its membership in the American League.

WESTERN GOLFERS IN STYMIE DEBATE

President of W. G. A. at American Rules Committee Session Today in New York

By SANDY McNBIRLICK The Western Golf Association will probably be the most interested of any of the delegates from all sections of the country in the stymie question today at the shaping of the "golf rules policy" for the American committee which is to go broad.

Wilbur H. Brooks, president of the W. G. A., will be present, and as that association is against the stymie, a considerable discussion will doubtless take place on this muted point. In the same way, the Professional Golfers' Association seems the most interested in the "standard ball" question, and these two important bodies will very likely lead the debates on these two, of the many, questions to be brought up.

Following are the recommendations: That the stymie be abolished. That the penalty for a lost ball be made the same as for a ball out of bounds.

That the honor is a privilege and it should be optional with the side that wins a hole who plays first at the next teeing ground. That the concession of putts be prohibited.

That a ball to be out of bounds must be wholly beyond the bounds of the course. That the general rules should include a provision for lifting a ball played onto a wrong green.

VOTES OPPOSE HONOR CODE

Proposed System at University Falls Short of Needed Majority

Despite the fact that voting on the all-university honor code was continued all day yesterday in the college department of the University of Pennsylvania in an effort to get the necessary two-thirds majority, the final vote was far short of the required number.

Instead of gaining votes, the code lost the small majority of favorable votes obtained on Wednesday. The final count showed 159 ballots cast against the adoption of the code and 129 in favor of it.

The fight between the advocates and opponents of the code has been spirited. Originally the plan was to be voted on in a mass-meeting called on Wednesday. Opponents of the code said that meant an attempt to railroad it through.

That the honor is a privilege and it should be optional with the side that wins a hole who plays first at the next teeing ground. That the concession of putts be prohibited.

That a ball to be out of bounds must be wholly beyond the bounds of the course. That the general rules should include a provision for lifting a ball played onto a wrong green.

BOWLING RESULTS

KEYSTONE CLUB—SECTION B Rolled on Keystone Alley April 29

Table with columns for names and scores. Includes names like Knapp, Moran, Bowen, Jones, Hendrick, etc.

SCHOOL JANITOR DISMISSED

Thomas B. Welch, of Whom Principal Complained, is Fired

Thomas B. Welch, janitor of the Hallowell School, Twenty-third and Lombard streets, has been dismissed by the property committee of the Board of Education.

Welch's dismissal resulted from charges preferred by Miss Sarah A. Weidler, formerly principal of the school. He was dismissed for "the good of the service."

Miss Weidler has been making various charges of misconduct against Welch since May 2, 1918, but he has managed to escape dismissal until now. He was recently given a series of hearings upon the charges.
