"Closer Contact" Advised

B. C. Dean, assistant director of the Department of Labor of Illinois, gave a list of obstacles to greater production.

"In the first place." he said, "people expect too much—they look for miracles. Lack of personal contact between employers and employes is another obstacle. Policy enters into curtailed production also, on the part of both worker and employer. Employers also, know too little about the science. tailed production also, on the part of both worker and employer. Employers also know too little about the science of management, and in this connection foremen who do not uderstad the handling of men are greatly to blame.

"Production is cut down also by our if Wood and Lowden can justify their if Wood and Lowden can justify their interest of the society for the last dency of the littled States. A straw that the exception of one Wood supporter the entire society favored Hoover.

The vote was taken incident to the political discussions that have occupied the interest of the society for the last.

"Production is cut down also by our habit of sending our best young men into work where they will be killed by tee both will be gainers. In any case, eccupational disease. The attitude of the Republican party will profit by distinct the laborer towards his job, due largely posing of this issue which might be helpful to the Democrats in the national

William N. Leiserson, chairman of the labor adjustment board of the Rochester Clothing Industry, told the members of the academy that "the day of autocratic control of industry is the Chicago when the two leading candiday dates are disposed of. Moreover the

and effective it establishes real collective bargaining between employers and collective bargaining is inaugurated by the employer or forced upon him by the employer, it marks a revolution in the artius of wage-carners in the industrial establishment. They are no longer a subject of class, obeying orders of an industrial monarch and content with lover standards of living them the content of the cause, as most people believe, it fears it cannot do business with dustrial monarch and content with lever standards of living than the rest of the community, but they become against him with Hitchcock as his mancifizens in industries with rights, privileges, immunities, duties and responsibilities.

Noted Men to Speak

"This means a revolution in the tatus of the wage-earner, raising his rel in the social stratification from at of a servant to a business associate the employer. Social revolutions uch lift lower economic classes to the levels are usually the result of the bargaining advantage secured by the classes, when their property, lent, skill or labor has become rela-

signification in the second relatively scarce and they are in a position of command a larger share of the national income for their services."

Mr. Leiserson told the academy of a plan introduced in the labor management of one of the biggest of Rochester's clothing factories, by which employed according to the submit. ployers and employes agreed to submit all their differences to industrial arbi-tration courts presided over by a chair-man chosen and paid by both sides.

CUPID WRECKS AIRPLANE; FLIER FALLS INTO ROMANCE

Chester Aviator Plunges 500 Feet, Comes To With Pretty Girl AROUSES COMMONS Aiding Him-International Union Follows

PAGEANT CHIEF FEATURE looked up a pretty girl was standing by his side. The girl was Miss Violet C. Lucas—but now she is Mrs. Fred A.

Will Live in Chester The campus was transformed into a village green, with thatched cottages here and there and oxen and lambs grazing on the green. Milkmaids and chimney sweeps danced and Maypole dancers crowned their queen.

The pageant of Elizabethan players turesque Canadian mountain resorts de-

three hours after the gates were opened to the visitors. Then Elizabeth Vincent, daughter of Dr. George E. Vincent, of Rockefeller Institute, was bride, happened near the close of the war in 1918. Hurst was flying at a great height when he saw another plane in distress.

Says Fall Was Lucky He switched his course to aid the other aviator when his own machine developed engine trouble. Finally the engine came to a stop and Hurst's machine plunged to the earth. He man-

Cupid guided the airplane piloted by Fred A. Hurst, of Chester, when it dropped from an altitude of 500 feet near Steymer, Canada.

When the dazed and bleeding aviator looked up a pretty girl was standing by his side. The girl was Miss Violet C. Lucas—but now she is Mrs. Fred A. Hurst.

She gave him first-nid treatment when he fell from the skies virtually at her inc.

Instead of using a trolley or taxi to call on Miss Hurst after the first meet-ing, he arrived by plane. Incidentally he had great faith in the place where he suddenly arrived on terra firms. A few weeks after the accident Hurst asked Miss Lucas to meet him at the spot where he had dropped.

And there one day, with all the elements of romance at their best, be asked the girl to marry him. When the aviator's mother heard that he son intended to marry the girl who helped in time of trouble she was delighted. "We are all happy, "said Mrs. Hurst at her home in Chester. "She is just at her home in Chester. "She is just the kind of a girl that the young man of today should have for a wife." Other members of the family agreed with that sentiment.
