

JUST GOSSIP ABOUT PEOPLE

Navy Wynne Talks of the Horse Show—Junior Music Club to Meet at Mrs. T. De Witt Cuyler's This Saturday

IT WAS too bad that it rained so hard on Saturday, for rain does hurt attendance at any affair, nevertheless I was surprised to see the number of persons at the Indoor Show, because after all it was indoors and so there was only the matter of getting there. That's the beauty of an indoor show, rain cannot prevent it from going on. And it has been packed every day and night.

And is there anything on earth more forlorn than Devon or Bryn Mawr out in the rain? Just as there is nothing prettier than a horse show in the open on clear days.

The ponies were darling on Saturday, Betty Mulford's West Willie I think is so pretty and she rides so well, and the younger daughter, Mary and Estler, on their ponies, were as cunning as could be. The man in the party was young Pop, a very nice fellow, in interest, I assure you.

Catherine Clotier had two ponies in the class "under saddle." Ceco and Noel, and Patty Vanclain, who were very good, quite brilliant, nearly every boy was filled and all the grand stand seats as well.

WHAT a good looking woman Mrs. Henry C. Boyer is. She holds her head so high and has such stunning features. I saw her the other evening wearing a square cut gown of dull red ribbon of georgette trimmed with gold and folds and draperies of the material, but it was beautiful. She wore no jewels, either, plain lines throughout, marked the costume and it was a most pleasing one.

THE first information gleaned about the fair for the parish house building fund of St. David's Church, I find was not just correct. It is not an annual affair at all; it used to be one, but that was a quarter of a century ago. I think the plans for the event are perfectly charming.

It is looking very possible, like the fair held twenty-five years ago on the grounds of that historic old church. There have been plans to hold a revival of that fair, but those were the costumes of the wide skirts, which were made to stand out stiff with hair cloth and the great big sleeves which were made larger by some awful padding.
