who is in the market for the purchase of a thoroughly dependable 7-passenger touring car; it is a Paige and of last year's model; mechanical condition is perfect and the paint is new. If I were to tell you the price in this ad you would probably think something were wrong with the car; but if you will look at it first and then hear the price—well, if you are in the market you will buy it.

Clothing Prices Too High—

They have been so for a long time, but there has been no help for it. Costs have compelled merchants to charge high prices in order to make a profit. Since the war began our prices have been consistently lower than in other stores. But now, so far as we are concerned, they are coming down even lower!

So We Take a Radical Step and Announce 33 1/3% off

of every dollar's worth of clothing in our store—nothing excluded—which means a \$435,000 stock of new spring and summer suits, light-weight overcoats, straw hats, caps, gloves, shirts, ties, hosiery, summer underwear, handkerchiefs and furnishings of whatever kind. Everything in the store, including even raincoats, imported Aquascutum top-coats, all the fine new tailoring fabrics in our custom tailoring section, evening dress clothes.

Nothing Excluded! One-Third off

of yesterday's prices, with original tickets on everything for you to do "your own figuring." This means a loss of every cent of profit and a part of the cost, but everybody must be hurt before prices can be reduced. We accept our share of the burden.

Reservations—Offer is limited as to time. We reserve the right to discontinue the sale without notice.
Cash—No goods charged.
Alterations (if necessary) will be charged for.
