

## PACT GIVES POLES BLACK SEA PORT

Ukrainians Agree to Further  
Ancient Ambition for  
Southern Outlet

### BOLSHEVIKI MAKE STAND

By the Associated Press  
Warsaw, May 11.—The military, economic and political convention signed by Poland and Ukraine just before the opening of the drive toward Kiev is understood to have provided for a Polish outlet to the Black Sea. Such a southern outlet has been a Polish ambition dating back in the national history, just as was a seaport on the Baltic.

In assisting in the reorganization of Ukraine under the leadership of General Petura, Poland, according to the reported agreement, will have a vice minister in the Ukrainian ministry, which will be composed principally of experts, in order to help the new state obtain a footing in its fight for existence.

Poland, the understanding is, will have virtual control of the railroads through the vast stretches of wheat country from which the Bolsheviks have been deriving benefit during the period of their occupation.

In a recent proclamation General Pilsudski, the head of the Polish state, announced that the Poles would withdraw as soon as the Ukrainian state was safely established and an invasion from the east is prevented.

Bolshevik forces are making a stand on the east bank of the Dnieper in the region of Kiev, and an artillery battle is raging north and south of that city. Polish and Ukrainian troops fought when they reached Kiev that two of

the three bridges across the Dnieper river had been dynamited. Members of the Kosciuszko aerial squadron under command of Major P. Cedric Fauntleroy, of Chicago, Ill., took a prominent part in the air fighting which resulted in the Bolsheviks being driven out of Kiev. The Americans made repeated raids against soviet forces, dropped bombs along railroads, and, flying low, turned their machine guns upon the Bolsheviks. During the drive toward Kiev the Americans moved their headquarters near the front.

### TRENTON TO BUY LAND

Tract Owned by State to Be Used for Health Clinic Building  
Trenton, May 11.—Land owned by the state in the rear of the Municipal Building will be sold to the city as a site for a public health clinic building. The city has been endeavoring to acquire the land for some time, but an act of the Legislature was necessary before the plot could be conveyed to the city.

### DO YOU KNOW

## NITTI RIUSCIRA' AD OTTENERE FIUME?

La Sovranita' dell'Italia Sulla  
Citta' Verrebbe Decisa alla  
Conferenza di Pallanza

Published and Distributed Under  
PERMIT NO. 341,  
1917, on file at the Postoffice at Phila-  
delphia, Pa.  
A. S. BURLINSON,  
Postmaster General.

Roma, 10 maggio.—Nel circolo politico si nutrono forti speranze sul risultato della conferenza di Pallanza per la

### Figure painting cost by the year

You are not so much concerned with the first cost of a paint job as you are with the length of time the paint will wear. Total cost divided by the years of service is what you should keep your eyes on. Wilson's Good Painting has 69 years' reputation for giving the utmost in painting-wear.

soluzione del problema Adriatico. Sembra certo che l'On. Nitti sia riuscito a disporre le cose in modo che l'On. Scialoja, Ministro per gli Affari Esteri, attualmente in conferenza con i delegati della Jugoslavia a Pallanza, ottenga la sovranita' dell'Italia sulla citta' di Fiume, in cambio di altre cessioni.

Se quanto sopra si avverera' non puo' disconoscersi che cio' rappresenterebbe un trionfo diplomatico, dell'On. Nitti, da confondere i suoi nemici.

Secondo telegrammi giunti da Belgrado, dopo che il Governo Jugoslavo decise di riprendere i negoziati diretti con l'Italia, allo scopo di raggiungere un accordo sulla questione Adriatica, il Consiglio della Corona avrebbe deliberato di concedere pieni poteri a Trumbic e Basic, rappresentanti della

Jugoslavia, delegati a trattare la questione ne convegno di Pallanza.

Ne i circoli politici e diplomatici il recente discorso dell'On. Nitti, pronunciato alla Camera dei Deputati riguardo la politica estera, continua a formare l'oggetto di vivacissime discussioni.

Mentre alcuni sostengono che Nitti non abbia detto alcune "parole" di nuovo, altri affermano che le dichiarazioni da lui fatte sono della piu' alta importanza, specialmente per cio' che riguarda l'attitudine degli Alleati verso la Germania.

A questo proposito si rammenta che il Presidente del Consiglio disse con la maggiore enfasi:

"Quando la Germania desidera di conservare la sua artiglieria pesante, le sue unita' militari e di aviazione, noi

**FRANCE HITS LABOR BODY**  
Cabinet Takes Action to Dissolve  
General Federation  
Paris, May 11.—(By A. P.)—The French cabinet at a meeting today instructed Minister of Justice J. Huguin to open proceedings against the General Federation of Labor with a view to the dissolution of the organization which has been supporting the strike of the French railwaymen by calling other strikes.

The cabinet, presided over by President Deschanel, first discussed the advisability of Premier Millerand receiving unfiled Socialist deputies bearing a message from the general federation saying it was ready to call off the strike providing the premier would give an undertaking to appoint a governmental commission to meet the federation's delegates and discuss nationalization of the public utilities.

Subway trains and street cars were operating today as well as the autobus service. Volunteers took the places of the few workers who failed to appear.

## When You Need Figure Workers Investigate the Dalton

If figure work is piling up in your store or accounting department; if it is taking precious time of your own from other pressing duties, the 10-key Dalton offers definite assistance.

It is the simplest, most efficient adding machine—the machine that in 17 years with 65,000 users, has proven itself 25 to 80 per cent faster than any other.

10 keys only—instantly operable by anyone—10 keys on which the touch method can be used—the method that eliminates eye-strain and fatigue, and doubles the operator's speed. No column selection is required—the Dalton automatically puts each figure into correct numerical order.

Moreover, the Dalton renders a double service—it adds and calculates; adds, subtracts, multiplies and divides; figures fractions and percentages, makes-out statements; takes trial balances; checks invoices—handles all forms of business figure work.

**Phone for Demonstration**  
Have a demonstration of the Dalton, and convince yourself. A phone call will arrange at your convenience for a demonstration without obligation.

If the Boss Had to Hunt Letters  
Only Amberg Files Would Be Used

## Finding by The Amberg Plan is Not Dependent on Memory

**A** FILE CLERK'S JOB often requires as much brains as an executive position. Keeping records located by means of complicated indexes, laborious coding and observance of ever-changing office laws is a worrying grind. And the worst part of it is that most of it is unnecessary.

The Amberg Plan, by its simplicity, enables the file clerk to devote intelligence to observing what records mean, rather than merely to where they are. This is advantageous to firms as well as to file clerks.

### Why Easy Finding Results From The Amberg Plan

Your filing, by the Amberg Plan, so logically follows your business methods that average eyesight and knowing the A. B. C.'s permit finding a filed record without disorganizing the filing department in the file clerk's absence. Your business methods absolutely dictate the application of the Amberg Plan. Amberg special provision for all volume correspondence created by your purchasing, branches, agencies and similar factors, plus the Law of Correspondence, which accurately distributes all casual records, permits simple indexes in which distribution can be kept 99 1/2% accurate.

### Basis and Operation Of The Law Of Correspondence

The analysis of millions of names proved that the 205,920 names in the Amberg masterlist were the ones consistently active in business. The rate of occurrence of these names was found to be 99 1/2% constant in business. This furnished a common factor for the casual correspondence of any office and made it possible to estimate the right number of indexing divisions required for any volume of casual records. Coupled with Amberg provision for specially created volume, it constitutes the Amberg Plan.

### Learn How The Amberg Plan Will Solve Your Problems

Question Amberg about your personal filing problems. Judge by the answers you get whether they will be solved by the Amberg Plan.

If your present filing equipment is of the vertical type, the Amberg Plan will probably throw nothing out of your office but some surplus and obsolete routine and some cardboard. The Amberg Plan does not depend on office legislation for results. It makes unnecessary many arbitrary rules now in use.

Amberg manufactures the highest quality Wood and Steel Vertical Filing Cabinets and every type of accessory for filing and indexing—but Amberg sells materials only as a means of solving filing difficulties. The Amberg Plan has solved the filing problems of 75,000 concerns.

The Complete Plan of Filing & Finding

## R & M Motors Stand Heat and Cold

Manufacturers of motor-driven devices are particular to know all about the reputation and construction of the motor they use and the ability of that motor to deliver the dependable power their products require.

Mr. W. E. Mettler, Purchasing Agent of the American Blower Co., Detroit, Mich., says: "The small Robbins & Myers Motors used by our company as equipment for certain types of our blowers over a period of years have proved worthy of the implicit confidence we have placed in them."

In one use mentioned, the blowers operate ventilating systems for auditoriums, halls, hospitals and churches. This often subjects the motors to severe cold. Another extreme, found in kitchens, engine rooms, and forges, puts the R&M Motors in intensely hot temperature.

Robbins & Myers Motors, from 1-40 to 50 h. p., have for years been recognized in industrial uses and on fans and office and household devices as the acme of motor construction, reliability and dependability. The R&M name plate is all you need know about a motor or a motor-driven device.
