The Dixie Flyer is constructed to fulfill this ideal. Proven sturdiness and thoroughness of construction have given users everywhere unbounded confidence in the Dixie. Grueling road tests have branded it as dependable under all conditions.
Drive it, know it in actual use, and you will realize why the Dixie is universally recognized as "The Sturdy Car."

STANDARD EIGHT
A Powerful Car

THE Standard Eight's story is simple. The engineers who had perfected the steel construction of the world's railroad rolling stock believed that they could build an automobile of power which would be a light car and yet give full riding comfort. They went ahead and did it. The Standard Eight's powerful motor will meet the demands of any situation in road or traffic. The car's balance gives riding comfort.
