

# PEACE-RESOLUTION VOTE TOMORROW

Senate Agrees to Take Formal Action at 4 o'Clock on Knox Measure.

## ADOPTION NOW CONCEDED

Washington, May 14.—The Senate agreed yesterday to vote at 4 o'clock tomorrow on the Republican peace resolution.

The arrangement followed an important revision of the measure by the Republican leadership, in striking out the clause requesting the President to negotiate a separate peace treaty with Germany in order to "establish relations and commercial intercourse."

Adoption of the resolution is conceded by Democratic opponents, with a veto by President Wilson regarded as equally certain. House Republican leaders said that the Senate resolution probably will be sent to conference for adjustment with that passed by the House.

Some leaders were said to favor immediate renunciation of the Knox resolution by the House.

It proposes to repeal war declarations with both Germany and Austria, while the House measure dealt with Germany alone and differed radically also in other respects.

General disposition of senators to discuss the resolution led to the agreement for final action tomorrow, in which party leaders concurred. Few more speeches are planned and the resolution was laid aside yesterday after an equally certain House Republican victory.

Both senators criticized President Wilson, charging him with delaying peace by his position on the treaty and predicting Republican success in the November campaign if the treaty issues were carried into the campaign, as he had urged.

During the debate another Democrat, Senator William H. King, of Utah, came out in opposition to the President's position on the treaty issue. Mr. King, who voted for some of the Lodge reservation, expressed belief that the San Francisco platform would not follow the President's wishes.

Senator Allen Pomeroy, Democrat of Ohio, is the only speaker scheduled today and the debate will be closed by the party leaders for the Republicans and Senator Oscar W. Underwood for the Democrats in opposition.

## COLBY DECLARES U. S. NOT ISOLATED

Chicago, May 14.—America's position in the world today is "quite the reverse of isolation," Bainbridge Colby, secretary of state, declared in an address last night before the Chicago Bar Association, in which he defended the League of Nations and pointed out that the United States had been saved from the actual test of war in defending the Monroe Doctrine.

The secretary said that such a test had been prevented "not alone by the respect of the world for martial qualities and our sincere attachment to the doctrine, but by the European balance of power, which has checked the confidence and restrained the initiative of the nations which have from time to time been tempted to call the doctrine into question."

"The great question before the world is the recovery of those orderly processes in which the peace and security of all nations rest. And a question of even greater moment in the United States is to determine not only what our part shall be in the great struggle of recovery, but what part we shall play and what grade of dignity and respect we shall be content with in the new world order."

## SWEDISH PRINCESS BURIED

Representatives of Many Nations Attend Impressive Funeral Ceremonies

Stockholm, May 14.—The kings of Norway and Denmark, Prince Arthur of Connaught, the Earl of Onslow, representing the king of England, and the diplomatic representatives of other countries attended the funeral services of Crown Princess Gustave Adolph of Sweden yesterday afternoon.

Enormous crowds were massed along the flower-strewn route from the royal castle, where the procession started, shortly after 2 o'clock, to the cathedral, where the services were conducted by the Archbishop of Upsala and a British chaplain. Both British and Anglican rituals were read.

The cortege was headed by a squadron of Royal Life Guards; the hearse was escorted by the crown prince's aides, the crown prince with his children immediately following. Hundreds of white-clad girls, carrying garlands of primroses, marched in the procession, flanked by lines of grenadiers. The church was profusely decorated, the catafalque being almost hidden by scores of wreaths from all parts of Sweden and neighboring countries.

London, May 14.—Memorial services for the Crown Princess Gustave Adolph of Sweden, who died in Stockholm on May 1, were conducted yesterday in Westminster Abbey. They were attended by the members of the diplomatic corps, both houses of Parliament and other prominent persons.

An earlier memorial service in the Chapel Royal, conducted by the Archbishop of Canterbury, was attended by King George, Queen Mary, Princess Mary, Dowager Queen Alexandra, Princess Victoria and other members of the royal family.

The crown princess was a daughter of the Duke of Connaught.

## POST ACCUSES PALMER

Asks Department Records to Prove "Inquisition Methods" Against Reds

Washington, May 14.—Counsel for Louis F. Post, assistant secretary of labor, yesterday asked that A. Mitchell Palmer, attorney general, be called upon by the House rules committee on his appearance, May 24, to produce files of the Department of Justice, which, they said, would disclose orders to department agents corroborating Mr. Post's charges of unlawful practices and "police inquisition" methods in the round-up of accused radicals in the last six months.

The request was made in a letter to Philip F. Campbell, chairman of the House committee which is in charge of the investigation of the official conduct of Mr. Post in deportation cases. The communication from the Department of Justice, the letter said, informed the agents that "arrangements would be made to have meetings" of the Communist and Communist Labor parties in order to facilitate arrests.

Counsel also asked that Mr. Palmer produce instructions and reports to Herman Bernhard, showing his activities as a secret agent of the Department of Justice in becoming recording secretary of the Buffalo local of the Communist party and his work in securing adherents to the Communist party at Buffalo.

McNary and Kenyon Aid Johnson

Washington, May 14.—Senator Charles McNary, of Oregon, last night issued a statement urging Oregon voters to support Senator Hiram W. Johnson in the Republican presidential primary.

Senator William S. Kenyon, of Iowa, also issued a statement in behalf of Senator Johnson.

# CONVENTION TRIPS PLANNED IN JERSEY

Both Parties Will Have Special Trains to National Meetings

## ARRANGEMENTS COMPLETED

Newark, N. J., May 14.—Definite arrangements for the trips of delegates and others from New Jersey to the Republican national convention in Chicago, June 8, and the Democratic national convention in San Francisco, June 28, have been completed.

Frank F. Patterson, Jr., county clerk of Camden, delegate from the First Congressional district, is handling the transportation details for the Republicans, and Richard J. Frana, of Newark, is in charge of the Democratic arrangements.

The New Jersey Republican special will make the run to Chicago as a section of the Pennsylvania limited, leaving the Pennsylvania Railroad terminal, New York, at 11:04 a. m. June 6, with stops at Newark, Trenton and Broad Street Station, Philadelphia, to take on the delegates and their friends. The train is due to reach Chicago at 9 a. m. June 7. Returning, it will leave Chicago at 5:30 p. m. Saturday, June 12, and reach New York at 5:28 p. m. the following day.

Mr. Patterson will accept reservations up to June 1. He has received a number, and said that he would allot sections and drawing rooms as they come to him. As far as possible, cars will be assigned to congressional districts. The railroad fare will be approximately \$33 each way, including war tax, with Pullman reservations extra. Lower berths will be \$5 and upper berths \$1, or \$9 a section each way. Drawing rooms will cost \$15, and will accommodate three persons. Dining cars, as well as a baggage car, will be attached to the train.

The Democrats will be away for a month, when they leave June 18 to attend their convention in San Francisco, Cal. A special Pullman train has been chartered for the trip, and the number to go is limited to 125, for the reason that accommodations for more cannot be obtained. The trip includes stop-overs on the way to the convention, and on the return the delegation will come by way of Canada. The railroad fare and train meals will be \$500, and, besides, there is the expense of hotel accommodations at San Francisco from June 28 to July 2, where reservations have been made, for which there will be an additional charge of \$10 a day.

Stops will be made at St. Louis and Kansas City and at Grand Canyon, Ariz. From the latter place the party will proceed to Redlands, Calif., with a motor drive over Smiley Heights to San Bernardino and Riverside, motoring through the famous magnolia drive, the Rubidoux mountain to Glenwood Mission. From Riverside the delegation will motor to Los Angeles via Pasadena. A visit will be made to the Santa Barbara

mission, thence to Del Monte to Santa Cruz, to the big trees, and will arrive in San Francisco at 9:50 p. m. Pacific time, June 27.

After the convention the party will leave San Francisco at 11:40 p. m. July 2 for El Portal and will pass two days there, including a motor trip through Yosemite valley. From El Portal the delegation will go to Sacramento, to Portland, Ore., and motor through the Columbia river valley. Tacoma will be the next stop and then Seattle.

The party will then take a steamship to Vancouver, thence through the Canadian Rockies to the great glacier of the Selkirk, to Mount Sir Donald and Lake Louise, to Banff, where a trip to the Canadian National Park will be made.

Along the Roosevelt Boulevard we have several very attractive bits of land that will appeal either to the man who wants to build his own home there, or to a builder who thinks in rows. The location is exceptional—the price reasonable—the terms easy. A very real opportunity is here—but you must decide quickly.
