

RIGHTS ARE GUARANTEED TO EMPLOYEES

Mutual Benefit Plan Gives 15,000 Workers Bulge on Old H. C. L. EVEN CLOTHING SUPPLIED

Philadelphia Railroad employees have bought sugar at eighteen cents a pound when everybody else was paying much more.

They buy coffee at from five to seven cents a pound below the price charged by the chain grocery stores.

They buy clothing at wholesale rates, averaging all year round at least 20 per cent less than is charged in even the most moderate priced stores.

They buy furniture at factory cost plus the freight.

This money-saving plan, by which thousands of employees of the Pennsylvania system are meeting the mounting costs of living, has been worked out by what the workers call the "Mutual Benefit Association of Pennsylvania Railroad Employees."

The organization has worked out a system of cooperative buying as a part of its general activities.

Supplies All Necessities

A member of this association can buy anything needed through the B. A. which comes within the scope of household necessities.

In the last six months or so the employees have bought 15,000 pounds of sugar at the same price.

By the Associated Press

Washington, May 15.—Secretary Daniels today attacked Rear Admiral Sims' charge that the Navy Department lacked plans and otherwise was unprepared for war.

He described in detail the organization and operation of the general board to show that for years before the war the board was engaged in preparing and executing plans for naval battle in the Atlantic.

Admiral Dewey had studied the situation from the outbreak of the European war and in March, 1915, had forwarded a statement of preparations necessary to put the department in readiness for war.

As Hughes had been on the bench and thus out of the fight in 1912, Lowden has been in Springfield and thus out of the fight on the treaty.

COMBINATION WON'T LAST

But, say the Democrats, that is all right so far as the combination is concerned. It is possible for delegates to agree on some combinations.
