# KING THRUSH WARBLED A WILDAIR WHEN MAN-O'-WAR UPHELD THE DOPE AGAINST AN UPSET

'SOME HOSS!' EJACULATES GRIZZLED VET AS MAN-O'-WAR RUNS OFF WITH **RICH PIMLICO PREAKNESS STAKES** 

### By ROBERT W. MAXWELL Pimlico, Md., May 19.

"MAN O' WAR !" shouted the grizzled veteran of many race tracks as he leaped over the outer rail at Pim-lico yesterday, "the GREATEST HOSS that ever sunk oofs in a race track! The real Man o' War of the turf !'

A chestnut colt cantered up to the judges' stand and 80,000 voices united in a thunderous cheer which apparently was unheeded by the thoroughbred. The jockey saluted, tossed his whip to a waiting hostler, dismounted, emoved the saddle and walked into the weighing room. The colt was bundled up in a blanket and led to the stable. where a vegetarian meal was waiting. Thoughts of that meal made more of a hit than the cheers.

Man o' War had just captured the feature race of Maryland, won it easily after outclassing a wonderful field, but it was all in a day's work. Cheers meant nothing to him. The thousands of dollars which he won for thousands of people were mere incidents. In fact, he didn't know what it was all about.

Perhaps he didn't even know he had been in a race. for not once in the mile and a furlong jaunt did he get a square look at any of his opponents. It was just the same as a practice gallop, for he leaped to the front when the barrier snapped, set his own pace and the others trailed behind. The real fight was for second and third places. There was no doubt as to the winner after the first jump.

The race was one of the picturesque events of the year. There was color-lots of it ; there was the intense excitement which only can be found at a race track ; there was the crowd packed in the grand stand and on the front lawn, packed so tightly that another person could not. possibly wedge his way through, and there was that multi-colored roof of hats spread in front, uneven, bu swaying from side to side like a thatched covering in the wind, the brilliant straws and gaudy plumage of the female patrons mingling with the somber winter headgear of the men who still believe the straw hat season opens

THAT was the picture at Pimlico before the Preakness handicap, with a purse of \$23,000 to the owner of the winning thoroughbred." Every person in the place had backed his and her judg. ment with good coin of the realm and was any iously waiting to learn if his judgment had been

. . .

#### Man o' War Runs Away

BUGLER stepped in front of the judges' stand and A BUGLER stepped in front of the was a restless blew "boots and saddles." There was a restless and murmur from the dense throng, a craning of necks and then a complete silence which almost could be beard The nine contenders for the Preakness honors were about to parade past the stand to the starting point, one furlong away. It was supposed to be a stately procession, led y a majordomo clad in a brilliant red coat, with each horse moving slowly and in a dignified manner to the barrier. That is what the spectators imagined.

But it was entirely different. When thousands of eyes were turned toward the paddock gate a sorrel meteor fashed out on the track, turned and ran with terrific speed past the stand.

"Man o' War !" gasped the crowd. "He's running away! The jockey can't hold him!

Down the back stretch he flew, with little Kummer sitting astride his neck. Slowly the jockey calmed the colt, brought him to a walk and stopped at the barrier. Then the crowd sighed with relief and turned to watch the other steeds nonchalantly sauntering toward the

COBB'S 1920 START

There was trouble at the barrier. St. Allan refused to stand still, On Watch was misbehaving, Upset started to kick his heels in the air and then Man o' War started to cut up. Two hostlers held him in position, while half a dozen others tried to argue with the others. Once every norse was in position and it looked as if a perfect start would be made, but St. Allan whirled around again and put the whole line out of plumb.

"That's the drug store favorite," muttered a spectator disgustedly. "All he can do is put the parade out step." While the horses were prancing around the barrier

flew up.

"They're off !" roared the crowd, and the nine thoroughbreds thundered down the track.

Man o' War jumped into the lead and was ahead by a length when they passed the grand stand. King Thrush, Commander Ross's only entry, with Sande up, was second, Upset third and Blazes fourth. . .

THE others were bunched in the rear. all going at a furious rate endeavoring to close up the gap schich was slowly but surely widening. Back in the mob was Wildair, considered the best of the Whitney stable, but was handicapped because Ambrose got off to a poor start.

### Upset and Wildair Become Dangerous

T THE quarter Man o' War still was leading, with A King Thrush at his heels. The Ross entry, by the way, was a red-hot tip and many expected him to give the Riddle colt a hard fight. He stuck closely, but in the meantime Wildair had crept up and was racing neck and neck with Upset, his stable companion.

When the half-mile post was passed the light blue silk of the Whitney stable could be seen creeping closer to the front, while King Thrush was beginning to falter. Sande was riding a grand race and his mount was giving every-

thing he had, but the pace was beginning to tell on him. Around the turn the black blouse with the yellow sash and yellow bars on the sleeves still was in front, but the

blue was moving closer. "King Thrush is all in and watch Upset "" roared the crowd.

"Upset beat Man o' War once and will do it again. Here they come!" Into the homestretch came the galloping steeds, leav-

ing a dense cloud of dust behind. Kummer hugged the rail on the turn and in the straightaway it looked for an instant as if Upset and Wildair would jump into the lead. But it was only for an instant. Kummer let his mount run for all that was in him and he drew away as if the others were standing still. Ambrose on Wildair and Rodriquez on Upset whipped their mounts unmercifully, but the final effort was too much.

While they were struggling along, putting every ounce of strength into every leap. Man o' War, running easily, crossed the finish line several lengths to the good. His time was 1:51 3-5, the best made since 1911, when August Belmont's Watervale established the record of 1:51. past was second, Wildair third and King Thrush fourth

Had Riddle's colt been pressed there is no doubt that he would have smashed the record. He is in a class by himself and stands alone as the king of the turf.

. "YES. he's some hoss-SOME HOSS !" resumed the grizzled veteran after the cheering

subsided and he could make himself heard. "Too had we can't see him in a race with Colin, ch? Colin was a mighty hoss and never lost a race; but I don't see how he can compare with Man o' War. Some hoss, I say, SOME HOSS!" Copyright, 1920. by Public Ledger Co.
