Several Towns Taken From Poles in Counter-Offensive of Trotzky's Men

### BRITISH LABOR AIDS RUSSIA

By the Associated Press London, May 19.—The Bolsheviki... important successes over the Poles in... the government at Vitk, according to an official statement sent out by the soviet government at Moscow today.

Several towns near Kiev have been taken by Trotzky's legions in their counter-offensive which began Monday. Denunciation of the Polish attack on soviet Russia and what is regarded as Great Britain's complicity in that offense is contained in a manifesto issued here by labor leaders, including John Robert Clynes, William Bruce and William Crooks, Laborite members of Parliament.

The manifesto states the Polish attack means "a prolongation of war and... the victory of secret diplomacy and the defeat of the League of Nations." The British Government is accused of "violating its pledges by sending munitions to Poland."

Moscow, May 19.—(By A. P.)—An impressive demonstration greeted the English trade union delegation upon its arrival here Monday.

Following an address of welcome by the chairman of the Moscow soviet and the chairman of the all-Russian Federation of Trade Unions, the British delegates assured the Russians that English workmen were opposed to the blockade of Russia, intervention in this industry and Polish aggression.

"Thanks for your courteous telegram. Have just been inaugurated as governor of Louisiana. First General Assembly greatly differs on question of suffrage. Large number opposed to any form. Some advocate state measure, other federal amendment. All being Democrats, any dictation on my part would be unwise, and I regret my inability to comply with your request, believing action of my people should be paramount to any personal views."

### SUFFRAGE REMAINS PICKLED AT DOVER

Resolution Held in Senate Pending Sussex Missionary Work

### GOVERNOR WANTS ACTION

By a Staff Correspondent Dover, Del., May 19.—There is no chance that the suffrage ratification amendment will be taken out of pickle in the Senate today and sent to the House. Official announcement of this was made this morning.

All day today leaders are working in Sussex in an eleven-hour effort to change sentiment in that county. At present it is rockbound against suffrage. Events tomorrow will undoubtedly be influenced by the trend of events in Sussex today.

Governor Townsend has declared a veto will be taken on suffrage this session. If this be the case, it will probably be the last.

### Just say Hires if you want the genuine - in bottles for the home at soda fountains and on draught

"There is, however, no appreciable change noted in the attitude of the representatives from Sussex county. Every effort has been made to show a sentiment for suffrage among their constituents, as the representatives have stated more than once they will vote for the ratification resolution if it can be shown their people want it."

You Never Pay More at Rienzi's

### A typical case that happened recently

A few weeks ago a prominent Philadelphia engineer drove into our shop and suggested a few slight repairs which he thought would improve the operation of his car. A casual examination showed that the car needed a complete overhaul, and we told him so. "Why," he said, "the people just did overhaul the car." We finally persuaded him to allow us to disassemble the motor and show him its true condition. He was astounded and convinced that he had paid a big bill for work that had never been done.

We overhauled the car completely and Mr. — says that it never ran as it is running today. He was so pleased that he ordered in addition the best paint job we could furnish. This man before he came to us had decided to sell his car for the best price he could get.

TWEED-O-WOOL is the best-known and largest selling line of any garments of this type in the country today; nationally advertised and sold by one good store only in practically every important city.

A TWEED-O-WOOL Suit is the most desirable apparel for summer because it is so well adapted for traveling, for motoring, for general outdoor wear. Prices start at \$35.00. A few old models are still available elsewhere, but the complete new line for this season is to be found in Philadelphia only at—
