

VILLA'S ALLEGIANCE SOUGHT BY REBELS

Mexican Bandit Fails to Make Agreement With New Government

ARRIETA FACES ATTACK

By the Associated Press
Washington, May 21.—Efforts to bring Villa completely into line with the revolutionary movement in Mexico are continuing despite failure of General Calles and Villa's representative to reach an agreement yesterday at Chihuahua, it was said here today by representatives of the de facto government. Messages were sent to both Villa and Calles, urging the necessity of cooperation.

The State Department unofficially expressed some doubt as to the possibility of a satisfactory understanding with Villa. A report that General Jose Huertado was preparing to lead an expedition against General Arrieta, who still holds the capital of Durango for Carranza, served to give greater importance to the doubtful attitude assumed by Villa.

Further indications of an adjustment were seen in the announcement that Manuel Palmez, commander in the oil region, was on his way to Mexico City to meet Obregon. Oil company representatives have asserted that hesitation in payment of taxes was due only to the doubt as to whom they should be paid.

In Camp with General Villa, Boquilla, Chihuahua, May 19.—(Via El Paso, Tex., May 21.)—Francisco Villa will not be satisfied with mere guarantees of personal safety from the new government in Mexico, he told the Associated Press in an exclusive interview at his camp in the mountains here today. Villa will demand guarantees concerning how the government is to be operated and before he returns to private life must see the guarantees in actual operation, he said.

Mexicans of all classes, including Villa himself and his men, agree that until he is satisfied with the government forces in Mexico, peace and a return to normal conditions in Mexico are impossible. Villa sent envoys to Chihuahua City from here last night headed by Alfonso Gomez, to confer with General P. Elias Calles, minister of war for the revolutionaries. Calles was reported as intending to confer personally with Villa here. Villa declared the new government, to be satisfactory to him, must not include any of the politicians who, perhaps a few exceptions, who have had part in ruling Mexico under Carranza. He said that if a government satisfactory to him were set up, he would turn over to the republic vast amounts of bullion and other valuables worth millions of dollars. Otherwise the bullion would be used for his own operations.

DEMOCRATIC RACE A "FREE-FOR-ALL"

No Candidate Has Received 100 Pledges—587 Delegates Uninstructed
SLIM LEAD FOR PALMER
By the Associated Press
Chicago, May 21.—With the Democratic convention a little more than a month away a canvass of the situation shows no one man has received as many as 100 pledged delegates, while the uninstructed delegates thus far chosen number 587.

Under the Democratic convention rules a two-thirds vote is required to nominate, or 728 out of the 1092 votes which will be cast in the convention. There are 242 delegates yet to be elected. Of those candidates who have votes are listed, Attorney General A. Mitchell Palmer is leading with the

Just how long we cannot guarantee, yet Walker-Gordon Certified Milk, properly iced, will keep for what its many users term "an unusually long time." Why? Because it's clean! Impurities cause milk to sour quickly.
We know from observation that the Walker-Gordon Company produces milk under exceptionally clean conditions. They actually scrub the barns and the cows; make every milker wash and dry his hands before milking each cow. Nothing is left undone to have everything right in the production of Walker-Gordon Certified Milk.

Locomobile Owners

—here is the right oil for your car

Sunoco "Special"—one of the six types of Sunoco, the new motor oil—was designed expressly for the Locomobile engine and other engines having similar lubricating requirements. It will lubricate your car perfectly, release the full power of your engine, prevent waste of oil and gasoline and eliminate danger of carbon.

Sunoco "Special" will maintain a protective film of oil on the bearings of your engine at all speeds. It insures a perfect seal between cylinder walls and piston rings, preventing leakage of gas and a consequent contamination of oil in the reservoir.

Sunoco is a non-compounded, straight-run, 100 per cent distilled oil. That is why it never breaks down under heat and leaves hard, flinty carbon deposits.

Give Sunoco a trial in your Locomobile and you will never use any other oil.

SUNOCO "SPECIAL"

is also the right oil for summer use in the Apperson, Austin, Biddle, Cadillac, Chalmers, Chevrolet, Cole, Daniels (8 cyl.), Doris (6 cyl.), Franklin, Haynes, King, Marmon, Monroe, National (12 cyl.), Oldsmobile (6 cyl.), Owen Magnetic, Packard, Pierce-Arrow, Scripps-Booth (8 cyl.), Standard (8 cyl.), Stutz and a few other cars, a complete list of which is given in the "Sunoco Lubrication Guide."

There is a Sunoco oil for every car

If the car you own or drive is not a Locomobile or any of those named above, one of the other Sunoco types will "fit" it perfectly. Ask your dealer which one. He has the Sunoco lubrication guide.
