

U. S. TO ARBITRATE ARMENIAN BORDER

Wilson's Announcement Received With Joy by Council of Ambassadors

HUNGARY WILL SIGN JUNE 4

By the Associated Press. Paris, May 22.—Ambassador Wallace informed the council of ambassadors today President Wilson had announced the United States would accept the role of arbitrator in fixing the boundaries of Armenia. The announcement was received with great satisfaction by the ambassadors. The council also discussed the continuation of the Germans that were material destroyed by them remained their property. It was decided that armaments, whether destroyed or delivered to the Allies, according to the terms of the treaty, must be considered allied property. The peace treaty with Hungary, it was arranged will be signed in the Grand Trianon Palace at Versailles on June 4. Hungarian delegates presented to the council these notes. The first and second announced, respectively, the resignation of Count Apponyi as president of the delegation and the appointment of Ivan Franzevich as president of the third and of Hungary's decision to sign the treaty and intention of naming delegates for that purpose. The council decided that in the absence of Count Apponyi it was fitting that Hungary send a member of the government or a person conspicuous in Hungary's public life who might be considered as representative of the country, to sign the treaty.

Washington, May 22.—(By A. P.)—Officials here refused to add anything to the brief announcement from Paris that Ambassador Wallace had informed the council of ambassadors that the United States would accept the role of arbitrator in fixing the boundaries of Armenia. The supreme council also requested this country to accept a mandate over Armenia, but administration officers would not say whether President Wilson had reached a decision as to this invitation.

DR. ELIOT RAPS BONUS BILL

Harvard's President Emeritus Condemns Measure as "Immoral"

Boston, May 21.—(By A. P.)—Dr. Charles W. Eliot, president emeritus of Harvard University, speaking at the New England Red Cross conference today, denounced the proposed soldiers' bonus bill as "immoral." After condemning what he termed a tendency to put membership in the Junior Red Cross on a necessary basis as a parallel with the practice "which seems to prevail in an astonishing degree in American families to make pecuniary payment for services that ought to be performed for love and duty," he added: "And now it is proposed to offer this same sort of premium to the national army in the form of a bonus. Could anything be more immoral or suggestive of a wrong attitude toward the duty which every young man owes his country? It indicates a total misconception of the individual service in a democracy—those high principles with which we started when we entered upon this continent, but seem to have forgotten."

LABOR PLAIN UNFOUNDED

Wadsworth Calls Gompers's Protest on Army Bill "Misconstrued"

Washington, May 22.—(By A. P.)—American Federation of Labor protests against the military liability clause of the Senate army reorganization bill on the ground that it might permit conscription of labor in war times were based on a "misconception of the meaning and purpose of the language" of the bill. Chairman Wadsworth today informed President Gompers in answering the latter's letter. "Needless to say," Mr. Wadsworth wrote, "nothing of the sort is intended. The term 'impugned' was employed by the Senate committee as descriptive of a state of war of the first magnitude constituting a national emergency." During a conference with House managers on the bill, the senator said, the Senate representatives had suggested and would continue to urge substitution of the words "state of war" constituting a national emergency for the language objected to.

Typoid Fever Increases in State

Harrisburg, May 22.—(By A. P.)—State Department of Health officials today announced reports indicated a gratifying decrease in all communicable diseases with the exception of typhoid fever and measles. During April there was a slight increase in typhoid in both municipalities and rural districts.

PAVE RIGHT OF WAY FOR BONUS BILL

Democrats Lose Fight to Prevent Early Consideration of Soldier Relief

G. O. P. TAKING HOUSE POLL

By the Associated Press. Washington, May 22.—On a strict party vote, the House rules committee today ordered a favorable report of a resolution giving soldier relief legislation the right of way. Chairman Campbell said the rule would not be presented to the House before Tuesday. Democrats on the rules committee vigorously opposed the Republican program of bringing the bill before the House under the resolution preventing them from offering amendments, but they lost their fight, as the Republicans, opposing the cash bonus proposal, voted for the Republican program. Under the rule, debate on the bill would be limited to five hours and a majority vote of the House would be required to send the bill back to the ways and means committee for amendment. Republican leaders, who late yesterday abandoned their plan to bring the bill before the House today, were having a poll made of all their members to get a definite forecast of the vote when the rule is presented in the House. They said it would not be called up until they were assured of its adoption. Objection of the Democrats to the rule and of half a hundred Republicans to the cash bonus upset first plans for action by the House today.

Albany, May 22.—(By A. P.)—The \$45,000,000 soldier bonus bill, introduced in the Legislature by Miss Marguerite L. Smith, was signed by Governor Smith today. The measure provides for a referendum to be submitted at the November election on the question whether or not the state shall issue \$45,000,000 in bonds, the proceeds to be used for bonus purposes.

CALLED IN "BARREL" QUIZ

Hitchcock and Baruch Told to Bring Accounts of Contributions

Washington, May 22.—(By A. P.)—Frank H. Hitchcock, former postmaster general, has been summoned by the Senate presidential campaign expense investigating committee to appear at the opening of the inquiry Monday as the representative of Major General Leonard Wood, Republican, and Bernard M. Baruch as the representative of William G. McAdoo, Democrat. It was said that the committee had had considerable difficulty in ascertaining who should be called to represent General Wood. Altogether some twenty-five representatives of candidates have been summoned, but the committee hopes to complete the inquiry before the Republican convention opens on June 8. The men summoned were directed to bring "all accounts of contributions and expenditures in the campaign, from every source, and all correspondence connected therewith."

SIMS PRAISES NAVY

Tells War College Graduates It "Exceeded All Expectations"

Newport, R. I., May 22.—(By A. P.)—Rear Admiral William S. Sims, president of the Naval War College, in his address at the graduation of this year's class today, said that barring a very few cases "our navy personnel not only responded to all requirements, but exceeded our most sanguine expectations in the endurance, zeal and loyal initiative they displayed" in the world war. "This applies," he added, "not only to the forces in the war zone, but to the navy in general, and particularly to the very intelligent and skillful handling of the transport services in effective cooperation with the forces abroad." The rear admiral said much of the civilian criticism of the navy was based on "erroneous information" that should be corrected.

Martial Law in Teschen Area

Prague, May 22.—(By A. P.)—Martial law was declared in the Teschen plebiscite area Wednesday by the international commission. Bitter feeling has prevailed recently in the district between the Czech-Slovak and Polish workmen and some clashes have been reported.

DISAGREE ON RECESS PLAN

Republican Senators, in Conference, Unable to Fix Program

Washington, May 22.—(By A. P.)—No agreement on plans for adjournment or recess of Congress over the political convictions was reached today at the conference of Republican senators. The only decision of the conference was to press appropriation bills and

conference reports. Senator Kenyon, of Iowa, heading a group of senators favoring prompt action on the packer regulation bill, did not attend the conference. He announced later that he would support the conference program, but would attempt to call up the measure ahead of any other bill. Some leaders said that if the appropriation bills and other legislation now in conference could be completed by Friday, an adjournment sine die might be possible.

SOVIETS FLING BACK POLES

Moscow Claims Victories After Fierce Fighting

London, May 22.—(By A. P.)—The Bolshevik offensive against the Poles along the more northerly part of the front in the region of the Beresina is continuing to make progress, according to Friday's official statement from Mos-

cow, received by wireless today. Several villages were taken after fierce fighting. Official advice from Persia today state that the Bolsheviks who landed at Enzeli, on the Caspian Sea, have, despite their promises, cut the roads leading to Rasht, twenty-five miles south-east of Enzeli. The British force, which is a small one, was compelled to withdraw to Rasht.

ASSURES GOOD FUNERAL

Will of Former Lansdale Man Cuts Out Absent Mourners

Lansdale, May 22.—Joseph E. Cassell, of Center Point, who formerly resided at Lansdale and lived virtually all his life in the North Penna. through stipulations in his will made sure that his funeral would be attended at least by his relatives.

He died the other day. In his will is a clause to the effect that if his funeral or show-sufficient reason why they did not attend, they would be off from the legacies he provided for them. The funeral is over and it was attended. The niece and nephew were present.

THIS week is Kolb's Bond Bread Birthday Week.

When, with the help of local housewives, we perfected Bond Bread three years ago—

When those 2000 women baked loaves of bread in their own ovens and submitted them in our baking contest to show the kind of bread they and their households wanted—

There were some skeptics, some who believed that "this was just another loaf of bread."

There were others who said "Oh! yes, Bond Bread may be all right for a week or two, but they won't keep the quality up—all baker's bread is alike anyway."

Today, just three years after the birth of Kolb's Bond Bread, Philadelphia has rendered its overwhelming verdict—"Bond Bread has made good!"

How purity and flavor have been insured.

Three years ago, the Kolb Bakery Company pledged its Bond that Bond Bread would duplicate the best qualities of those home-made loaves. Many people, especially experienced cooks, have marvelled that the quality of Bond Bread has continued so uniform, day in and day out. Here are some of the reasons:

1. Purity of ingredients. You

cannot buy flour, sugar, lard, milk or yeast for your own use one whit purer than the ingredients used in Kolb's Bond Bread.

2. Scientific control of the Bond Bread formula and process. From the time the ingredients first enter the mixing chamber every step in Bond Bread's process is scientifically controlled.

If you have not yet learned how local housewives helped improve the quality of bread, join the Bond Bread army on this Third Bond Bread Anniversary.
