**Jewish Hospital DONATION DAY**  
(NONSECTARIAN)  
MONDAY, MAY 31, 1920  
The Jewish Hospital is rated by the state of Pennsylvania in Class A.  
The records show that our per capita cost of maintenance is among the lowest for similar institutions throughout the state, an evidence of careful management in all departments.  
Our facilities are taxed to capacity in the service of the sick and suffering, without restriction as to creed, color or nationality.  
For Over Twenty Years, More Than Two-Thirds of Our Patients Have Been Treated Free.  
Every effort at retrenchment, consistent with the efficiency of hospital service, has been made, notwithstanding which the deficit exceeds that of any previous year in our history.  
We earnestly appeal to those who recognize the usefulness of the hospital, to aid us at this time, in the confident assurance that the generosity of its benefactors will be fully justified by the results.  
Donations may be sent to  
**MR. WILLIAM B. ROSSKAM, Treasurer**  
Jewish Hospital, York and Tabor Roads, Philadelphia  
A cordial invitation is extended to the public to visit the hospital on Sunday, May 30, and Monday, May 31, from 2 to 5 P. M. All the buildings and grounds will be open to visitors.

## "Digest's" 11,000,000 Poll

**WOOD JOHNSON HOOVER**      **McADOO WILSON EDWARDS**

THE LITERARY DIGEST'S national presidential poll of 11,000,000 voters is now in its seventh week, and the results are of more than usual interest as the date for the Republican National Convention approaches. More than a million and a half votes have been counted up to date, and they sound the depths of political feeling in every part of the Nation. The votes, state by state, of thirty-five candidates are tabulated in this week's DIGEST. In scanning this tabulation it is noticeable that since the Southern states have become more adequately represented in the balloting, the disproportion between the total number of declared Republican and Democratic voters is not so great.

Don't miss reading THE LITERARY DIGEST this week, May 29th, not only because of the article showing how more than one million and a half voters have declared their choices for the Presidential nomination, but for the additional satisfaction you will derive from reading these articles:

**Must repair bills teach you the high cost of wrong lubrication?**

Wrong lubrication means using a wrong oil, either in type or quality—an oil that steals power, wastes gasoline and eventually leads to worn-out bearings, scored cylinders, carbon deposit and depreciation—75 per cent of the troubles that run-up repair bills.

Right lubrication means using the right type of the right oil—an oil that keeps your engine running with maximum power—humming with that soft, sweet-sounding purr that every motorist loves—freedom from engine worries.

The choice is yours to make. You no longer need guess in buying oil and take a chance on getting right lubrication. The development of SUNOCO—the new motor oil—now makes accurate and efficient lubrication possible.

SUNOCO has the right type of oil for every car made. To learn the type for your car—summer or winter—consult the "Sunoco Lubrication Guide" or ask any Sunoco dealer. He knows.

Have your crank case drained, cleaned and refilled with the proper type of Sunoco. It will PROVE to you the importance of proper lubrication and what it means in service and satisfaction.
