

POLICE BARRACKS ATTACKED BY IRISH

Raiders Repulsed at Blarney After Fight Lasting Hour and Half

MILITARY IS CALLED OUT

By the Associated Press.
Cork, Ireland, June 2.—An unsuccessful attack was made on the police barracks at Blarney last night. There were no casualties, although the fighting lasted an hour and a half.
Wires were cut and roads were blocked near the town. Military forces were sent to Blarney from this city, but by the time they had arrived the attacking party had disappeared.
Dublin, June 2.—Twelve soldiers, comprising the guard of a public building here, were surprised yesterday

by a party of armed men, who took away their arms and ammunition and two machine guns.
The raiding party consisted of fifty men, and the building attacked was the office of the registry of deeds, a government department. Nobody was allowed to leave the building until the raiders had accomplished their purpose and departed.
This was the first daylight raid in Dublin on a government building.
It was organized on a big scale. About 100 men participated, marching in a body up Constitution Hill to Henrietta street. They surrounded King's Inn, where the offices of the registry

are situated. About thirty of the men entered the inn and disarmed the sentry. They then invaded the guard room and threatened the nine soldiers, corporal and sergeant with revolvers and disarmed them, taking even the soldiers' steel helmets.
When they had finished their task the raiders entered motorcars and speedily disappeared.
The Hook Lighthouse, at the entrance to Waterford harbor, was raided last night by masked and armed men. They carried away the detonators and rockets.
After making futile appeal to the

marquis of Sligo to surrender part of his estate for tillage and grazing, townspeople of Westport, County Mayo, forced the gates to the property yesterday, drove away the owner's cattle and drove in their own cows. Altogether about fifty-six acres of land were seized by the people.
Members of the Irish republican army at Mullingar constituted themselves guardians of the peace at the local elections, commandeered the county hall, in the name of the Irish republic, and converted it into a temporary barracks. The guards assumed police duty and arrested rioters and jailed them.

Mr. Small disposed of his theatrical interests for \$1,750,000, and had received a check

"King" Constantine Hints Return

London, June 2.—A Rome dispatch to the Exchange Telegraph gives an interview with former King Constantine of Greece at Salsomaggiore, where the king is taking the cure. Constantine predicted the elections in Greece would result in the triumph of his party. Asked what he would do in such a case, he said: "I never abdicated. I simply left Greece during the war. Even the French commissioner, Jounart, admitted the powers would not oppose my return

ABNORMAL conditions have resulted in abnormal expansions. Competitive bidding for goods has strained production out of balance. The public's purchasing power under present credit conditions is sagging. The real value of your plant and inventories may, in the near future, be a more vital matter to you than you now think.

A report of such values by experts, trained in valuation engineering, gives you reliable evidence by competent, unbiased judges, of your actual worth.

Save Family Shoe Bills

The expense of making the family's shoes last as long as possible is very considerable. You will need to have shoes re-soled only half as often if you get your repair man to use Korry Soles. They wear twice as long as other soles. Think what this means with those youngsters who scuffle through their shoes so quickly.

And Korry Soles (genuine leather) are permanently waterproof, flexible, and won't slip on wet surfaces. It will pay to ask for them in buying new shoes. They are as good for dress shoes as they are for work shoes.
