All Mann Products Are Made Under One Roof

The Mann Factory

IN OUR eight-story factory building, 21 to 27 North Fifth Street, we have the following complete manufacturing departments:

Blank Book Bindery
Lithography Department
Engraving and Printing from Steel Department
Copying Book Bindery, with our own Paper Mills, at Lambertville, N. J.

Each one of the above is a complete plant in itself. Each process is started and completed in our own factory.

Here Comes The Bride!

Make her path flower-strewn. From her shower bouquet to the bridesmaids' flowers; from the groom's and best man's boutonniere to the decorations—

"Say it with Flowers"

Your neighborhood florist knows just what is wanted. Just how to do it. You can safely leave the flower question to him.

Why the Stearns Is Such a Dependable Car

Go where you will—over all kinds of roads—and your Stearns-Knight never fails to live up to its reputation for dependability. That is because the Stearns-Knight—

Houses a motor famed for its power and reliability—the famous Silent Knight.

Boasts of mechanical and electrical units that have proved their superiority.

Is supreme in riding comfort, due to its spring construction.

Together with these features you have ten distinct body designs from which to make a selection and the benefit of dealing with a substantial, reliable organization, whose first principles are square and honest dealings.

No wonder Stearns-Knight owners are such enthusiastic Stearns boosters.
