commission, accompanied by a prepared draft for the appropriation of \$7,000,000 for the requirement of a transportation system, also was presented. Both proposals were referred to a committee which will meet tomorrow afternoon to consider them separately. An Important Announcement

So impressive has been the Dort rise in popularity throughout the entire country that we take particular pride in announcing our connection with the Dort Company as distributors for the Philadelphia territory.

This is the direct result of a searching investigation of the merits of all cars in the moderate price-class.

The qualities of one car were weighed fairly and exactly against those of another.

Plants were inspected. Owners consulted as to how these cars performed.

And so by the process of elimination the Dort was arrived at as the final selection in the field.

You are extended a cordial invitation to inspect the various Dort models on display.
