

POST COMMANDERS ASKED TO MEETINGS

County Committee Believes Work Should Be Told to Legion Men

DELEGATES ARE ELECTED

In order that the seventy-eight posts of the American Legion in Philadelphia may be fully informed as to the work which is being accomplished through the county organization, it has been decided that, beginning with the September meeting, the commanders and adjutants of all posts shall be invited to attend meetings of the county committee, and shall have the privilege of the floor.

There have been indications that some of the posts are not in proper touch with the work of the county organization of the legion. This situation has developed a lack of sympathy with the effort that is being put forth by the county in behalf of all the posts.

One of the vital questions that will come before the state convention in Allentown will be the scope of authority of the county organization. This will undoubtedly precipitate a contest in the convention, particularly in light of the attitude that has been assumed by some of the posts toward county organization.

Delegates and alternates have been

selected by Prince-Ford Post No. 7 as follows: Delegates—Dr. G. Clifton Guest, Dr. John B. Becker, Edward A. Davies, John Gilchrist, George C. Stranahan; alternates—William O. Muench, Jr., John J. McFeeters, Thomas H. Morris, Raymond W. Lockwood and Harry G. Windish.

Matthew J. Collins has resigned as adjutant of the Lawrence E. Delaney Post No. 26, and Elwood N. Bannan, 912 North Nineteenth street, has been elected to succeed him.

The membership drive of the David W. Jameson Post No. 183 came to an end with a successful smoker. The program included: Miss Lois Chew in popular songs, accompanied by Louis Bucks, of Post 183; Comrade Vetter, of Post No. 3, in violin selections; Comrade Prenderghast in a Hebrew monologue; Comrade Massey, Post 277, in monologue; Post 277 Jazz Band; Thomas F. Meehan spoke on loyalty to the Legion; Major Conger, U. S. M. C. retired, addressed the comrades on post development.

MANY ARTICLES ON SALE

Navy Yard List Includes Textiles, Clocks and Watches

A large quantity of textiles, luminous clocks and watches with clock cases, were placed on sale today at the retail store outside the gate of the Philadelphia Navy Yard.

Among the articles are the following items: Canton flannel, 36 inches wide, at 40 cents a yard; special crash dish-cloths, at 18 cents each; rope and wire doormats, at \$5 each, and special rubber doormats, at \$5.50 each; bleached muslin, 36 inches wide, at 32 cents a yard; mosquito netting, at 17 1/2 cents a yard, and unbleached sheeting, 72 inches wide, of a special grade manufactured for the navy, which sells at 73 cents a yard.

PATROLMEN RESCUE FAMILY AT FIRE

Lead Parents and Girl to Safety While Brother Saves His Sister

Two patrolmen rescued a family of five from flames which destroyed the home and tailor shop of Frank Davidson, at 1014 Poplar street, at 2:30 o'clock this morning.

Davidson, his wife and three children were asleep at the rear of the second floor. They were carried to a rear alley in their nightclothes.

Patrolman Samuel Tyme, of the Eighth and Jefferson streets station, discovered the fire at 2:30 o'clock. He

forced the door of the tailor shop, over which the Davidsons lived.

Discovering it was impossible to extinguish the flames, Tyme and Patrolman Madden, also of the Twelfth district, gained a front stairway leading to the second floor.

By the time they had groped their way through the smoke to the rooms in which the Davidsons slept flames were coming up the front stairway.

The patrolmen flashed their pocket-lamps and discovered a rear stairway. Herman Davidson, a fifteen-year-old son, grasped his eight-year-old sister, Katherine, in his arms and carried her through the smoke to the rear alley.

Patrolmen Tyme and Madden rescued the parents and their twelve-year-old daughter Ida.

By the time firemen arrived flames filled the two-story frame building. The loss is estimated at \$5000.

FOR THIRST AND HEALTH

There's health in Purock—there's satisfaction in its purity. Satisfy your thirst and fortify your health by drinking this palatable, distilled water.

When you want to buy a diamond—

First, you go to a reliable jeweler—usually some long established house whose advice you can depend on. Few men know enough about diamonds to trust to their own judgment.

Everything that looks like a diamond is not a real diamond. Just plain wood or steel drawers, with folders and guides, do not of themselves make a filing system. It requires experience and knowledge to get the right system for your particular needs.

We like the way an executive came to us the other day. "I know my own business," he said frankly, "but I realize that I don't know filing. You men do. I know what I want—you should be able to tell me how to do it."

This man knew that he could depend on Library Bureau. He knew that the problem which seemed difficult to him would prove easy in experienced hands.

Perhaps all you need just now is a better, quicker way of filing credit information. Library Bureau has a system which will eliminate the mistakes and delays that now annoy you.

Stewart

MOTOR TRUCKS

Owners' Satisfaction Proved—

1. By use in 38 foreign lands
2. By fleets that grew from one

The International use of Stewarts is no less impressive than the growth of multiple Stewart fleets at home.

Abroad, Stewarts are giving daily and profitable service to owners in 38 foreign countries.

At home, the unique quality of Stewart service has caused the growth in hundreds of cases from the original one Stewart (write for names) to large fleets.

But it isn't the size of a fleet that tells the real story. A big firm may decide to motorize its hauling—may buy 20 to 50 trucks at once. It's the experience of a concern that started with one Stewart, found it a business-winner, bought more Stewarts one after another to keep pace with expansion, which is a real guide.

Here is a letter from an owner. This owner-satisfaction with Stewart performance has made the Stewart Motor Corporation a world leader in truck building in only seven years.

HELFRICH & BOHNER
734 Hamilton St., Allentown, Pa.

We motorized our delivery in 1913. In the years 1914 and 1917, we purchased a Model 4 and Model 5 Stewart Truck and in the year 1918, we purchased a Model 8 and Model 9 Stewart Truck from the Allen Motor Company, Allentown, Pa.

The Stewart Truck has proven itself a leader by merit, and our deliveries are dependable. Whenever we are in need of more trucks the Stewart is our first consideration.

Chassis prices f. o. b. Buffalo: 1/2-ton \$1350; 2000-lb. \$1750; 1 1/2-ton \$2350; 2-ton \$2975; 2 1/2-ton \$3095; 3 1/2-ton \$3995
