# THE FRANKLIN CAR

Its Superior Performance  
Is a Matter of Motor Car History

20 miles to the gallon of gasoline  
12,500 miles to the set of tires  
50% slower yearly depreciation

(National Average)

THE measure of satisfactory motoring today is what a car does. And motorists are realizing that it is quality and principles—not luck—which enable Franklin owners to get the above results.

The Franklin Car is the easiest riding, safest driving, least fatiguing car today. Requiring least care, it gives least trouble and creates least expense. It is the most advanced automobile in design and construction. That's why these road records in different parts of the country

have been possible—and with only one driver at the wheel constantly on each trip.
