Thirty-four Young Women Get Wanamaker Institute Diplomas

Brilliant with color and striking in their military costumes, the Cadet Girls' branch of the John Wanamaker Commercial Institute attended the closing exercises last night in University Hall at the Wanamaker store. A short talk was given by Miss Beulah A. Fenimore, principal of the Kensington Girls' High School. Thirty-four girls received their diplomas, having completed their course at the institute.

After the formal exercises the girls gave exhibitions of physical and military drill, showing that they as well as the boys could handle a rifle and easily perform the manual of arms.

Small-Car Owners—Get Your Goodyears While You Can

You know what it was last year, and the year before that—scarcely a Good-year Tire in the 30x3-, 30x3½- or 31x4-inch size to be found on a dealer's shelves anywhere.

This year promises to be the same; present stocks are melting swiftly away, at a rate beyond anything in our experience.

Although we have in full operation the world's largest tire factory devoted to these sizes, we cannot guarantee to supply enough Goodyears to go 'round.

If you drive a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, and want true Goodyear mileage and economy this summer, visit your Goodyear Service Station Dealer without delay.
