Longer life and greater efficiency are assured by proper lubrication

If you are simply using "oil" in the engines of your trucks without knowing whether it is the right lubricant -now is the time to stop. SUNOCO-the new scientific motor lubricant-makes accurate and efficient lubrication certain.

SUNOCO will show you the dollars-and-cents value of proper lubrication by the increased service and longer life you get from your trucks. With its six distinct types and exclusive qualities, SUNOCO guarantees a perfect lubricant for every truck and car made.

Begin using SUNOCO today. Drain and clean the crank cases of your trucks and then refill with the proper type of SUNOCO. If desired, we will be glad to examine your automotive equipment and give expert advice on lubrication.

If your truck is not included in the above list, ask any SUNOCO dealer for a free copy of the complete "Sunoco Lubrication Guide" or write to us.

If you are buying silk stockings or fountain pens, you needn't worry much about getting them delivered—but with lumber it's different. We can't send joists and flooring to you by parcel post.

The greatest demand for freight cars is always in November; the least demand is usually in May.

But this year, instead of idle freight cars in May and June, there is a great car shortage already. It takes the closest watching and best management of our traffic-men to get cars now,-but still they are able to do it. If you buy lumber now, we can deliver it with reasonable certainty and promptness.

But if cars are scarce even now, when the demand is usually lowest, what will conditions be a few months later, when crop-moving begins?

Nobody knows-but nearly anybody can guess. And we are all guessing at this moment. Now is the time to make contracts for lumber,

specially with dealers who have strong traffic and delivery departments. Some day you'll build. If you want the work fin-

ished on time, see that the lumber comes from LLOYD.
