dent John Grier Hibben delivered the baccalaureate sermon yesterday to the 250 men who are in Princeton's 173d graduating class. The morning services took place at 11 o'clock and were preceded by an academic procession, which formed at Nassau Hall and moved to Alexander Hall, where the formal events of the morning took place.

The big auditorium was througed with alumni and friends and relatives of the graduating men. The president's address was concerned entirely with the problems of the present day world and with the necessity of ideals and re-ligion in our modern sphere. After a brief summary of the conditions that obtain in the world today he summoned the graduating class to a realization of their high duty and obligation to maintain the traditions and religion of

The afternoon was given over to the dedication of Poe memorial field, named honor of Princeton's most famous football hero, Johnny Poe, of the class of 1895, who was killed in the world war while serving with the British 'Black Watch' regiment. Shooting Three Arrows

Doctor Hibben took for his text I Samuel, xx, 20-22: "And I will shoot three arrows on the side thereof, as though I shot at a mark. And, behold, I will send the lad saying. Go, find the arrows are on this side of thee; take them and come, for there is peace to thee and no hurt, as the Lord liveth. But if I say thus unto the boy, Behold, the arrows are beyond thee; go thy way, for the Lord hath sent thee

"We had hoped that the results of the war would be wholly beneficent, and that in the new world, so dearly bought, it would be easier for one to do that which was right and that every circumstance and condition of life would be conducive to a nobler mode of living, to a glorified view of duty and of opportunity, and to a wider scope for a manifestation of that which is the highest in man. tion to public ends, the sacrifices of p triotism in war will have been vain.
"It is a spurious patriotism that is linked to the triumph of any creed or class, or becomes the vehicle of bigotry. The common good, rooted in the ex-sential institutions of justice and indi-

vidual liberty, is the national ideal, Tendency to Abuse Power Decried "We have too many evidences of

readiness to take advantage of oppor-tunity to establish autocratic administration. The ease with which abuses have arisen and have been condoned should give us more anxiety than wild utterances which easily defeat themselves. The tendency to crave and assert arbitrary power, to use power-either economic or political power-ruthlessly, is more apparent with us

capricious and arbitrary action—in the putting of principles and rules same-tioned by the people in the place of tyranny—that we find the security of liberty. Whoever seeks to subvert these away. He said in part:

"We had hoped that the results of the war would be wholly beneficent."

ganized society should be directed.

"There is, however, a great difference between protecting the orderly processes of government and the attempt to repress political opinion with which we do not agree. It is precisely because liberty must have its institutions, because liberty can only continue through organizations securing government men organizations securing government upon the basis of accepted principles, that the institutions of liberty are hopelessly defective and inadequate if they do not provide the means for the adaptations which each generation must have to guarantee its freedom

The True Method

The true method is to trust the truth and find the remedy. Does a grievance exist? If it does not, then show that it does not. If it is exaggerated, limit it to the facts. To the degree that it exists, search for the remedy. If a wrong remedy is proposed, expose it. If the remedy proposed is worse than the grievance, demonstrate it. The motto for democracy must be advented and the search of the search educate, educate, educate. You can find no other security than the intelli-gence and conscience of the people. But you cannot at once educate and stiffe

"The practice of putting large dis-cretionary powers at the disposal of of-ficers needs a curb. The patriot in peace demands government upon established principles, and he should always be ready to contest officialism and bureau-cracy."

eracy."
