One Thing Upon Which All Real Americans Agree Is That Prices Should Be Kept Well Within the People's Reach

In the Boyhood Days of Some of Us Still Living

much of the money in circulation was fips, levies and shillings, which were circulated, respectively, as six cents, twelve cents and a quarter of a dollar.

The copper cent, a big, heavy coin, was proposed in 1782 by Robert Morris, the financier of the Revolution and the founder of our first bank, the Bank of North America, still in successful operation.

The cent coin appeared in 1792 and received its name from Thomas Jefferson, who wrote the Declaration of Independence.

These first cents bore the head of Washington on one side and a chain of thirteen links on the other.

Much of the history of the nations of the world is preserved in the coins they issued. Many of the children of our first customers, their fathers, are sending the writer almost every week gifts of copies they preserved of our first advertisements and cards and pictures we issued when there was little advertising done in Philadelphia.

Lovely Tricolette Wraps for Women—\$150 to \$350

Wraps no two of which are alike except in being charming and luxurious looking.

For instance, there is one light tan cape of tricolette and duvetyne combined; there is another model of tan with bands of brown embroidery and a rich kolinsky collar, and another still of navy tricolette lined with geranium crepe which glows through the navy. Other wraps again are trimmed with brushed wool or moleskin fur.

Prices are \$150 to \$350, and the 20 per cent deduction obtains.

(First Floor, Central)

Women's Gingham Dresses Cool and Crisp Priced at \$20 to \$55

Scores of them, gay and quiet in color, large and small in checks, simple and smart in line. You may have them with surplice bodices and extended skirts, or with loops of white braid for trimming, or with wool stitchery, or pique bindings or lingerie collars. Or you may have chambray dresses with pleated frills of checked gingham.

Prices are \$20 to \$55, and the 20 per cent makes them smaller.

(First Floor, Central)

Women's Light Oiled-Silk Raincoats From London (In the London Shop)

These raincoats are made in London, of a fine, light-weight Japanese oiled silk. They give uncommonly good protection against rain, yet are comfortable on warm days, a thing which cannot be said of every raincoat.

Made with raglan shoulders and with or without belt.

In bottle green, blue, brown, purple and yellow.

Price \$38, minus 20 per cent.

(The Gallery, Chestnut)

Hundreds of Cool, Pretty Wash Frocks for Girls—\$3.25, \$4 and \$5

Fresh, pretty little cotton frocks, brand-new and well made, in styles just suited to girls who wear 6 to 14 year sizes. The materials are good, the dresses have been carefully made, and the prices are surprisingly moderate.

At \$3.25 are gingham and chambray dresses in plain colors, checks and plaids.

At \$4 are dresses of finer ginghams and solid-colored linens, as well as some dainty cotton voile frocks.

At \$5 are linens, gingham and novelty cotton dresses in a dozen attractive styles.

And remember that the 20 per cent deduction brings the prices down much lower!

(Second Floor, Chestnut)

Women's Good Silk Stockings at \$1.65 a Pair

1000 pair of first quality black silk stockings made with the cluster drop-stitch rib that is so popular this Summer.

Any woman will recognize this as a remarkably low price, and it will be 20 per cent less at time of purchase.

(West Aisle)

Women's White Shoes at \$5.25 Average Half Price

About a thousand pair, all priced very low, yet every pair to have 20 per cent more subtracted from its price at time of purchase.

White buckskin pumps with low heels.

White buckskin high button shoes with Louis heels.

White canvas pumps with military or Louis heels.

For case of access we have assembled these shoes on the Main Market, adjacent to the Shoe Mottions Counter.

(Main Floor, Market)

THE offering for a limited time of practically our entire stock at a deduction of 20 per cent from regular prices has given rising costs their one real setback so far.

A saving of one-fifth on practically everything sold in the Wanamaker Store is a thing of tremendous significance. It has proved sufficiently strong to shake to its foundations the fabric of high prices, and it has proved sufficiently appealing to find sympathy and support from the best business minds of the whole country.

But its real significance must be judged by what it means to each and every individual, and that is something for each and every individual to say.

Everybody is wishing for lower expenses.

This store is working for that end—it is actually doing something to bring prices to lower levels.

Put the fact squarely before your mind that you can buy practically anything in the entire Wanamaker stocks at a saving of one-fifth and ask yourself what does it mean to you or to your home.

Beautiful Engagement Rings In Unusual and Artistic Designs

Though most people prefer the conventional solitaire, it is by no means necessary to follow a conventional design, for just now the Wanamaker Store is showing some exquisite rings, solitaires, all beautifully mounted, and in charming designs.

They are all in platinum, of course. The single stone in the center is decorated with smaller, sparkling jewels of the highest quality and the effect is most pleasing.

One may choose from a number of settings—the low crown, the bezel, octagonal, hexagonal or square.

Prices begin at \$365 for a charming ring and go on up to \$4450 for a perfectly handsome piece, with a very large and unusually brilliant stone.

And we might add that this is a particularly opportune time to purchase diamonds, which show no signs of lowering in price for years to come, and with the 20 per cent deduction are of particular interest.

(Jewelry Store, Chestnut and Thirteenth)

An Important Sale of Used Oriental Rugs

"Used" means that they have done service here in the Store in merchandise displays. But they are in remarkably good condition, not one of them being damaged or seriously blighted, while many are almost perfect.

Customers will please ask the salesman to point out any existing defects.

All the prices here quoted are exceptionally low, and are subject to the 20 per cent deduction as well.

Batiste with lattice beading and picot edge, \$4.50.

25c Handkerchiefs for Women

Some are embroidered in white and some in colors, but they are all in the much-loved one-corner embroidered style which is always popular. The designs are attractive, there is really a surprising variety, and 25c is very little to pay for them!

There is the 20 per cent deduction, too.

(West Aisle)

It's Not the High Cost of Living Which Worries Mrs. Moth

It's the chilling thought that all the furs in and around Philadelphia seem to be coming into the Wanamaker Fur Storage Vault!

Wise women—and men, too—are realizing that it's unnecessary to worry over fur wraps and winter clothes when they may be safely cared for all through the summer and early autumn (as late as you like) beyond reach of moths, burglars or fire, and at a very moderate charge.

(Third Floor, Central)

There is a sailor shape, a mushroom style and a hat in the regulation Panama style. Some are trimmed with light, some with dark silk bands or bows or scarfs.

They are specially priced—and with 20 per cent still to be deducted are very inexpensive indeed for such millinery.

(Second Floor, Chestnut)

(Third Floor, Central)

(Third Floor, Central)

More Cotton Crepe Kimonos

(Third Floor, Central)
