

### LIQUOR VIOLATIONS FEWER IN TRENTON

Enforcement Agents Work Secretly and Already Have Made Several Seizures

### PERSONNEL SHIFTED OFTEN

Trenton, June 16.—Since the establishment here of headquarters for the prohibition enforcement force for the central New Jersey district, there has been a noticeable decrease in the wide-open violations of the prohibition law which characterized it previously to the appearance of the government agents. Headquarters have been established in the Wilkinson Building and so quietly did the enforcement men slip into town that they were here nearly a week before their presence was discovered. Several minor raids have been conducted by the agents, who are under the command of B. J. Roegiers, Group Head No. 2, who has charge of the enforcement proceedings in seven central Jersey counties, including Mercer, Hunterdon, Sussex, Somerset, Passaic, Warren and Middlesex. The largest raid yet conducted by the P. E. A.'s, as the prohibition enforcement agents are called, was the one in which a large quantity of liquor in the store of Charles Levine was seized. Disposition of Levine's case is now before the Federal authorities. The operations of the enforcement agents are cloaked in secrecy and information of the Levine raid was first obtained from outside sources. Mr. Roegiers in speaking of the work of his department said secrecy was an essen-

tial feature of the work for if too much attention were directed to their operations they would fail obviously. The personnel of the operating force is changed constantly and the field of operations is also shifted about. Although at present there is only a comparatively small force of deputies connected with the office, more will be added as soon as a further appropriation for the enforcement of constitutional prohibition becomes available.

### EASTMAN GIVES \$1,000,000

Big Sum Donated for School of Music at Rochester

Rochester, N. Y., June 16.—A gift of \$1,000,000 by George Eastman for the school of music of the University of Rochester was announced at the meeting of the board of trustees of the university yesterday. It also was announced that the education board had given \$200,000 toward the \$1,000,000 endowment sought by the university for a teachers' salary fund. The university already has raised \$350,000 of the fund. Mr. Eastman already has given in excess of \$5,500,000 for the school of music. Last week he gave \$4,000,000 and the dental dispensary he had established here toward a school of medicine and surgery for the university. To that gift the general education board added a gift of \$5,000,000.

### Missionary Society Gives Party

Haddonfield, N. J., June 16.—Nearly 250 women of this borough and scores of children made up a garden party on the lawn of Mrs. William D. Sherrerd, of Highland avenue, yesterday, given under the auspices of the Presbyterian Missionary Society. The children were the little light bearers and the jubilee light bearers, who presented a pageant. The speakers were Mrs. Robert Carawath, of Chestnut Hill, Pa.; Mrs. Harvey Lee, of Philadelphia, and Mrs. Beatty Jennings, of Germantown, Pa.

### SHORE FESTIVITIES FOR ROTARY CLUBS

Atlantic City Makes Elaborate Preparations for Next Week's Assembly

### GALA ATTIRE IS PLANNED

Atlantic City, June 16.—To stretch many strands of red, white and blue electric lamps up and down and round about the 167-foot high brick tower of Absecon lighthouse—government property on a federal reservation—in the latest news proposed to make Atlantic City decoratively gay and giddy for the great convocation of the Rotarian host by the sea next week. It has also been suggested that in order to put the physical semblance of Uncle Samuel's estate into truly festive order for a memorable occasion.

the prism in the great beacon light which casts its rays twenty miles seaward from the top of the tower, should be supplanted for the time being by the colors of Rotary.

Probably an enterprising committee on decoration will not press this point, however, for the reason that the changing of the hue of Absecon light's rays might raise hob with skippers who are not of the Rotary brotherhood or familiar with the significance of its colors.

Great things in the way of entertainment are in prospect for the thousands of adherents of Rotarian principles, many of whom already are enroute for Atlantic City. Atlanta brethren, always accustomed to do things on a large scale, are bringing an opera company to augment the diversion. From up Binghamton way the "boys" will have a choral society in tow to make things melodious up and down the Boardwalk.

Clubs of the fifth Rotary district, including New Jersey and Pennsylvania, have engaged the large ballroom on the Steel Pier as their headquarters for the whole of next week. It was announced at a conference of Ralph Cummings, of Lancaster, Pa., district governor, and the local committeemen. Five women from each of the twenty-six clubs in the Jersey-Pennsylvania jurisdiction are to comprise an auxiliary for the brethren. The program outlined by the

"home" district includes a dance every afternoon of next week, an informal reception Monday night in honor of Albert S. Adams, of Atlanta, international president, and Mrs. Adams, and a grand ball June 24.

Ex-fighting men have begun to lay out Camp Franklin D'Olier on a large tract near the Inlet, a tented encampment which is to be available for members of the American Legion visiting Atlantic City in the summer. The first occupants of Camp D'Olier will be a battalion of regular army infantry coming here from Camp Dix to conduct a model recruiting campaign during the Rotary convention. The men from Camp Dix will arrive Saturday.

### HONOR PENNSYLVANIAN

Commissions Given 270 Cadets Graduated From West Point

West Point, N. Y., June 16.—The largest graduating class in the history of the military academy—270 cadets—yesterday received diplomas from Secretary Baker, automatically commissioning them second lieutenants. The honor man of the class was James B. Cullum, of Sewickley, Pa. General Pershing addressed the grad-

uates and secretary Baker also spoke briefly.

All of the graduating class left at noon on a furlough, which terminates in October, when they will join their regiments. The summer furlough class also left yesterday, and the third class will go to Camp Dix, N. J., tomorrow for two months' intensive training. The new "plebe" class will report for entrance to the academy on July 1.

Ohio University Gets \$400,000 Gift Columbus, O., June 16.—A gift of \$400,000 by Charles F. Kettering, Day-

ton manufacturer, for medical research in connection with the college of homeopathy, is announced by the board of trustees of Ohio State University, of which Mr. Kettering is a member.

There's always room at the top for Highest Possible Quality at Lowest Possible Price

AFTER smoking your first Spur, you might say "just right," "immense" or "great"—means the same thing. Means: "There was room at the top for a cigarette that can refresh a tired and much tried taste. And Spur's that cigarette."

In the new Spur blend you find:

The richness of the full bodied Oriental leaf tempered by the mildness and fragrance of Burley and other choice home-grown tobaccos. It's a happy blend that brings out to the full that good tobacco taste.

And what's more! Satiny imported paper, crimped, not pasted—makes an easier-drawing, slower-burning cigarette. A mighty neat "brown and silver" package, with triple wrapping, keeps Spurs fresh and fragrant. Just smoke a Spur and see.
