162 AT TEMPLE GRADUATE TONIGHT

34th Commencement to Be Held in Academy of Music in Charge of Doctor Conwell

MANY TO RECEIVE PRIZES

Temple University will for its thirty-fourth year confer degrees in the Academy of Music tonight with Dr. Russell H. Conwell, president and founder, officiating. The invocation will be pronounced by the Rev. George F. Pentecost. Dr. Frank E. Spaulding, superintendent of schools of Cleveland, O., and head of the department of education of the graduate school of Yale University, will make the address to the graduating class.

William A. Glasgow, Jr., the Rev. George F. Pentecost, Leslie W. Miller and Joseph Kosnuth Dixon will be the recipients of the degree of doctor of laws. The degree of doctor of pedagogy will be conferred on Prof. William Day Crockett, of Pennsylvania State College, and Hobart G. Truesdell, superintendent of schools of Suffield, Conn. These honorary awards will be made by Dr. Wilmer Krusen, former director of public health, vice president of the university.

"Knock and Hand In"

Some manufacturers have built up great businesses by "sampling" their goods.

There are companies who contract to distribute manufacturers' samples.

In a recent statement we read that the cost of "front door-jamb service" ranges from $3.00 to $4.50 per 1000 and a "rear door service (not knock and hand in)" ranges from $6.00 to $7.00 per thousand.

"Knock and hand in" is much more expensive

Magazine advertising, while not sampling the actual goods, does picture and describe merchandise almost as effectively. And the magazine enters the house on invitation instead of unsolicited.

A government mail carrier furnishes the—"knock and hand in."

National advertising simply multiplies an event in one home by millions.

Advertising space in the Butterick publications is for sale through accredited advertising agencies.

Take a DUO to Camp

THE less baggage the better. There's the beauty of shaving with the DUO with the cream and the brush combined. A twist of the handle sends enough cream into the bristles for a good lather. Then the valve locks and keeps water and air away from the cream.

You gain room and time—save trouble and money—by shaving with the DUO LATHER BRUSH.

The Wieniawski Guarnerius 1742

This violin was formerly the solo instrument of the famous Polish virtuoso, Henri Wieniawski, born 1835, died 1880. It is one of the greatest, if not the greatest example now in existence from the hand of the celebrated master, Joseph Guarnerius del Gesu. It is in a perfect state of preservation, and possesses a tone of beauty and unusual power. $20,000.

Rare Old Violins $350 and up

The handwork of the Stradivarius, Guarnerius and their contemporaries still continues to stand unrivaled, and, of course, their creations become more difficult to obtain as the years pass.

We are fortunate in possessing a number of the best existing instruments from the hands of the old masters of Cremona and others made by less famous but scarcely less proficient artists of the 17th and 18th centuries.

We offer these at prices of $350 and up. We shall be glad to correspond with anyone interested in the purchase of one of these rare old instruments.

Liquid or Plaster

©B & B 1920

They end corns now in this scientific way

People who know—millions of them—now end all corns in this way.

They apply Blue-jay, either in liquid or in plaster form. It means but a touch and takes but a jiffy.

The corn pain stops. Then the Blue-jay gently undermines the corn so it loosens and comes out.

The modern way

Blue-jay was invented by a chemist who studied corns.

It is made by a laboratory of world-wide repute.

Old-time treatments were harsh and inefficient. Blue-jay is gentle, quick and sure.

Now all corns are needless. All these pains can be avoided. To let corns remain while you pare and pad them is folly.

You can stop a corn ache the moment it appears. You can end a corn completely before it can develop.

Blue-jay has proved these facts to millions. It will prove them to you—and tonight—if you let it.

Quit the old methods of dealing with corns and see what this new way means. Your druggist sells Blue-jay.
