

STUDENT'S SLAYER HELD FOR MURDER

Companion in Flight Held as Material Witness in Dartmouth Tragedy

SECOND COLLEGE KILLING

By the Associated Press
Hanover, N. H., June 17.—Robert T. Meads, of La Grange, Ill., the Dartmouth College student, whose liquor-smuggling traffic is alleged to have led to his killing Henry E. Maroney, of West Medford, Mass., a fellow student, early yesterday, was a prisoner at the county jail at Woodsville today, awaiting action by the grand jury on a charge of murder. His companion in flight from college, C. R. Kinsely Wise, of Akron, O., was held as a material witness.

The college authorities supplied bonds of \$1000 each for three other students held as witnesses—Howard W. Whitaker, of Somerville, Mass., Maroney's roommate and companion; Richard H. Hart, of Chicago, and James C. Chilcott, of Banzor, Me., who also were with Maroney prior to the shooting. No offer of bonds for Wise was made.

The body of Maroney was sent to his home today, accompanied by his parents, Mr. and Mrs. James E. Maroney, who came here from their home at West Medford yesterday, and by his brother Walter Maroney, a freshman at the college.

Meads's defense, it is expected, will be prepared under the direction of his father, Albert H. Meads, of Chicago, a lawyer, who is due to reach here tonight or tomorrow morning. Hallmates of Meads today discussed peculiarities of the young man, including a habit of shooting freely when in the mood. County officers found the walls of his room peppered by shots.

Instructors said he had been acting in an odd manner at classes and from the college officers it was learned that his habits had been the subject of in-

vestigation several times during the term, especially in connection with the inquiries regarding the use of liquor among the students, but in each instance Meads was able to clear himself.

In his freshman year when a roommate, Norman F. Arnold, was killed by Meads through the discharge of a rifle, Meads was exonerated through an ante-mortem statement by Arnold, but suffered a partial collapse which necessitated a long rest from studies.

OHIO MINERS NEED FOOD

Commerce Commission Blamed as Cause of Work Slump
Columbus, June 17.—(By A. P.)—Though miners are receiving the highest wages ever paid them and the demand for coal is far in excess of the supply, many Ohio miners are actually suffering from hunger, according to George W. Savage, secretary-treasurer of the Ohio United Mine Workers.

Mr. Savage has received an appeal for aid from miners at Byesville, Guernsey county. The miners say they have been averaging only one day's work a week for some time owing to the car shortage.

According to Mr. Savage, mines furnishing railroad fuel are able to operate on full time and he severely criticizes the Interstate Commerce Commission for alleged discrimination.

"We have been trying for years to get an equitable distribution of cars," Mr. Savage said. "The Interstate Commerce Commission has talked but never acted."

Its 260 Votes Recruited From Radicals, Center and Right Center
Paris, June 17.—A new party which has just been formed in the Chamber of Deputies, comprising 260 votes, is one which it is expected any future premier will have to take into account in preserving his majority in the Chamber. Charles C. A. Jonnart, senator from Pas De Calais, has been elected its president and the party has been recruited from remnants of the radical party and elements of the national bloc holding seats in the center and right center of the chamber.

The new party is called "the Alliance Republican Democratic of Social Action and National Reconstruction," and no premier of France, it is affirmed by its sponsors, will be able to govern henceforth without its good will and support.
