DREAMLAND ADVENTURES

NO WORK AND ALL PLAY BY DADDY

(Gala, boy king of the Isle of Play, serves a feast to Peggy and Billy without the help of a cook, the food being furnished by monkeys which throw fruit and nuts at them.)

The Island's First Fire GALA, the boy king, and the other islanders, looked on with great interest as Billy made a boy scout fire.

Billy dressed the fish as fishermen do, rolled them in damp leaves, and wrapped them in wet clay. After the fire had burned to ashes he put the fish among the embers.

"That doesn't look like work," said Gail, the boy king, as he watched Billy unwrap a cooked fish and put it before the king, who took a taste.

"My, that is good!" cried Gail, and he quickly ate the whole fish. Billy offered the other fish to the islanders and they ate hungrily.

"That's good! That's better than anything we ever ate before!" they shouted. "Yes," agreed Gail. "It's so good that it's worth having even though cooking is work."

The islanders were so hungry for more food that they began to make lines and hooks. Soon dozens of them were fishing all along the creek, while other dozens were building fires, using the embers from the first Billy had started.

"These fires are nice and warm," shouted the boy and girl islanders, crowding up close, for a cold wind had begun to blow from the sea.

"Why didn't we ever have fires before?" Peggy and Billy looked at them in surprise.

PLANS UNIONIZING ALL PHONE GIRLS

American Federation of Labor Convention Decides Upon Nation-Wide Campaign

BELL COMPANY AIMED AT

By the Associated Press Montreal, June 18.—The American Federation of Labor convention here today authorized a nation-wide campaign to organize all the telephone operators.

State federations, city central bodies and volunteer organizers are to take the field at once in the campaign. The convention declared its action was necessary because of the "oppressive anti-labor policy of the Bell Telephone Co. and its associated companies."

Reconsidering its action yesterday in amending its constitution to increase the executive council from eleven to fifteen members, the convention rejected the amendment by a vote of 23,067 to 13.

841. This action prevents the election of four additional vice presidents. The fourth Sunday in May of each year was designated as labor's memorial day, upon which labor throughout the country will be called upon to pay a tribute to the memory of its dead.

The churches also will be called upon to co-operate in the observance of Labor Sunday, preceding Labor Day in September. The national steel organizing campaign headquarters at Pittsburgh, Pa., will not be abandoned, it was announced today.

While the activities of the headquarters staff will be limited until a new national committee is organized, it will keep up propaganda work among the steel workers.
