The Reading Railway issued a statement early this afternoon over the signature of Charles H. Ewing, vice president in charge of operations. It follows in full:
"The outlay strike, which has again manifested itself as being confined largely to the switching service in Philadelphia territory, has not extended to the Reading Railway since at two or three points in close proximity to Philadelphia. Our information is that Philadelphia conditions are due entirely to cab crew misrepresentation. A meeting of the men of all the railroads in Philadelphia yesterday was addressed by representatives from Chicago and Jersey City, their object being to enlist the support of the Philadelphia men in forcing the adjustment of grievances affecting Chicago and Jersey City, which grievances are peculiar to those territories and do not in any way affect Philadelphia.

The decision, however, will cover approximately 93 per cent of the railroad employees of the United States, and it is stated that the board, as soon as practicable, will give a hearing to the representatives of the short line and other carriers not represented at the recent hearings, and as soon thereafter as possible, a decision for the employees of these carriers will also be made.

There's always room at the top
for Highest Possible Quality at Lowest Possible Price
THERE was plenty of room at the top for a cigarette of tip-top quality at a rock-bottom price. That's where Spur comes in. And that's where Spur stays. For men who judge a cigarette by its looks, by its blend, by its taste—well, Spur was made for them. Spur's new blend of choicest Oriental and American tobaccos brings out to the full that good tobacco taste. Spur's satiny imported paper, crimped (not pasted) makes an easier-drawing, slower-burning cigarette. Spur's smart brown and silver packet, three-fold, preserves the Spur flavor and fragrance.
