

### CAMDEN GEM SHOP ROBBED BY BANDITS

Men Escape With \$1000 in Loot  
After Firing on Milk  
Wagons  
SMASHED SHOW WINDOW

Two thieves smashed the window of the jewelry store of D. C. Hart, 309 Broadway, Camden, early this morning, and after stealing goods valued at nearly \$1000 escaped in an automobile. Residents of several nearby houses were awakened by the crash, and shots were fired after the robbers. Drivers

of two milk wagons on hearing the shots tried to block the fleeing robbers, but they were fired upon and forced aside. The thieves were in a battered roadster and defied all speed laws in getting out of the neighborhood. They turned several corners on two wheels. Householders noticed two men loitering about the place yesterday afternoon. It is believed that the thieves had planned to rob the place then, but postponed it because of the large number of persons on the streets. Mr. Hart spends the week-ends out of town and did not know of the robbery until he opened the store this morning. A brick wrapped in a newspaper was the only clue left by the robbers.

**Pope Sends Blessing to Rector**  
A cablegram conveying the papal blessing was read yesterday at the silver jubilee of the Rev. Henry A. Naylor, rector of the Church of Corpus Christi, Twenty-eighth street and Allegheny avenue. Pope Benedict's blessing was sent through Cardinal Secretary of State Gasparri.

**BAPTISTS OFF TO BUFFALO**  
Forty-eight Ministers Leave for Seven-Day Convention  
Forty-eight Baptist ministers of this city left at 9:15 o'clock this morning for Buffalo, where they will attend the Northern Baptist Conference, which opens Wednesday. The conference will continue for seven days. The party occupied two Pullman cars attached to a Philadelphia and Reading Railway express and will arrive in Buffalo late this evening. Tomorrow will be spent in entertainment and in seeing the sights of Buffalo.

Among those making the trip were the Rev. Dr. Thomas J. Cross and John Gordon, the Revs. C. R. Hench, W. S. Terrill, W. S. Booth, E. A. Harris, Groves W. Drew, A. O. Gilmour, Robert E. Keighton, Fred F. Blaser and E. R. Williams.

## When your automobile is out of order—

You don't attempt to put it in shape yourself. You take it to some service station and turn it over to an expert mechanic.

Library Bureau is such a service station—not for automobiles, but for filing systems that stall on the hills of detail and are forever breaking down at critical moments.

Getting things done is largely a matter of getting things started. The way to get a good filing system is to literally bang your fist on the desk and say:—

"I'm through waiting for lost letters. I want the letter I want when I want it. I'm going to get it. I know Library Bureau can show me a smooth-running filing system for this business."

We hope you will put it to us just that way. We have solved thousands of filing problems. Somewhere in our 44 years experience we have solved one similar to yours.

Perhaps what you need is a centralized filing system. We'll be glad to show you the advantages of co-ordinating the work of different departments.

Write for folder describing the system of centralized filing at Willys-Overland
