A FOUR-YEAR PROGRAM FOR PHILADELPHIA

Things on which the people expect the new administration to concentrate its attention are:
The Delaware river bridge.
A driveway big enough to accommodate the largest motor car.
Development of the rapid transit system.

HIGH COST OF UNIFORMS

While the cost of uniforms is a matter of old clothes it is said that the members of the police force are ordered to buy new uniforms when their old uniforms are still serviceable.
One policeman is reported to have said that he has three uniforms which he had never worn except at inspections and that they had been condemned for some trifling defect.

THE PLAGUE SCARE ENDS

ASSURANCE by the Public Health Service officials in Washington that there is no danger of a bubonic plague epidemic in the United States was not based on the fact that little infection prevails probably can be easily localized.
Bubonic plague cases, while rare, are by no means unknown in some of our southern ports and have in the past been speedily localized, as they are now.

TENNESSEE NEXT

NOW that Delaware and Louisiana have rejected the equal suffrage amendment to the constitution the suffrage is being their attention to Tennessee.
The state constitution of Tennessee provides that the National Woman's party has asked the governor to call a special session of the Legislature to consider the matter.

THE REAL CONSERVATIVES

THE attempt of the committee of forty-eight, now organizing a third party, to attract the farmers is not likely to succeed.
The statement given out by six of the leading organizations of farmers yesterday regarding the whole plan. The farmers are not to be drawn into any class movement. They are, as the statement declares, "sensible, plain and clear-thinking American citizens who believe in representative democracy as it exists in the United States, and not in the socialism of Russia or the autocracy of Germany or the autocracy of Mexico."

mass of the farmers are first of all Americans in sympathy with the principles of American democracy—that is, they believe in a government in which all groups are represented in order that it will be the greatest good for the greatest number rather than the profit of a particular group.

WHY THIRD TERMS ARE NOT FOR AMERICAN PRESIDENTS

Those Who Would Like to Renominate Mr. Wilson Should Relearn the Lessons of History

NO ONE without a hectic imagination will believe that Mr. Wilson ever thought seriously of a third term. The semi-official denial issued yesterday by Mr. Shouse, an assistant secretary of the treasury and a good Democrat, may have been inspired. It was not necessary.

Government inspired only by popular will may often lack great inspirations. It may not always be wise. What may happen when some one inherits the power vested in any benign autocrat no one can know.

AMERICAN DECORATIONS

EVERY man who wore the uniform of the United States during the war is to receive a medal. The distribution began yesterday. The medal contains a list of the allied countries and the inscription, "The Great War for Civilization," on one side and a figure of Victory armed with a sword on the other. It is to be attached to a variety of ribbons.

REVENUE W. HERBERT BURK

REVENUE W. HERBERT BURK, rector of the Washington Memorial Chapel at Valley Forge, is the embodiment of the spirit of religious patriotism. For years past he has labored incessantly to accomplish what no one else thought of attempting, viz., presenting to the nation the habit of expressing their appreciation of the achievements of great men by conferring honorary scholastic degrees upon them.

SUPPLIANTS TO VENIZELLOS

THE spectacle of three premieres representing major nations in Europe playing the role of suppliant to Eleutherios Venizelos, of Greece, is one of the few delicate pictures that have emerged from the cloud of conferences held since the world convention of Paris.

What Do You Know?

- 1. Who was Babalan?
2. When did the Thirty Years' War in Germany begin?
3. On what date was agreement made between Great Britain, Canada and the United States regarding the arbitration of all existing "controversies between the United States and Canada"?
4. What was the date of the Johnstown Flood?
5. How did Australia get its name?
6. What is Botany Bay and how did it get its name?
7. When did "Uncle Tom's Cabin" first appear as a serial?
8. What does "interjectory" mean?
9. What are chads?
10. What do the letters "C. G. S." stand for?

Democrats, like individuals, learn by being self-dependent. As the need becomes apparent for greater popular enlightenment, greater understanding and better knowledge among all people, it will be that Progress and good will really be inspired from the bottom and not from the top.

BOYS ARE SEEKING AN EASY ROAD TO SUCCESS

Professor Mahoney Says They Can't Find It—Rev. W. H. Burk's Fine Plans for Valley Forge

By GEORGE NOX McCAIN
PROFESSOR JOHN DENNIS MAHONEY, head of the Department of English in the West Philadelphia High School, an exceptionally keen observer, with background of earlier years spent in newspaper work, recited the following as characteristic of a general tendency among certain high school and college students as an outgrowth of conditions following the world war:

SHORT CUTS

Summer went on her arrival.
It is one of the characteristics of wet planks that they are apt to sink.
The Golden Gate receipts will be well named by the time next week rolls around.
Greece having been given a free hand, Turkey appears about due for a basting.

GERMAN CABINET FORMED; PLANS TO EXECUTE TREATY

Coalition Ministry, Headed by Konstantin Fehrenbach, Expected to Present Undisputed Mandate at Spa Next Month
By the Associated Press
Berlin, June 22.—Official announcement has been made that Konstantin Fehrenbach has been appointed chancellor and selected the new ministry, a bourgeois cabinet. In new government circles it is stated there will be a sufficiently emphasized vote of confidence to enable the ministry to present an undisputed mandate at the Spa conference next month.

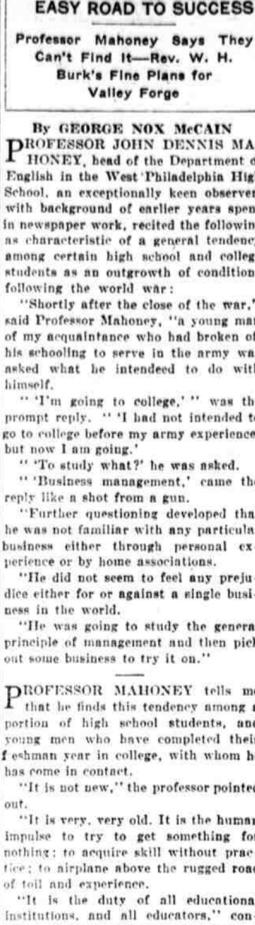

Mirage

ONCE more into my arid days like dew,
Like wind from an oasis, or the sound of cold, sweet water bubbling underground.
A treacherous messenger, the thought of you
Comes to destroy me; once more I renew
Firm faith in your abundance whom
I found.

THREATEN OCCUPYING MORE GERMAN LAND

Paris, June 22.—(By A. P.)—Recommendation that an international financial conference be held in Brussels to mobilize German money and issue international loans based on German revenues has been decided upon at the inter-allied meeting at Boulogne, according to a special correspondent of Havas.
Discussions at the meeting, it is said, have resulted in a decision that if Germany cannot raise the money, the Allies may employ other means of coercion than those already considered, occupation of parts of Germany being possible.

CRISIS IN BOLSHIEV PARLEY

Lloyd George Demands Compensation for British Capitalists
London, June 22.—(By A. P.)—A crisis has arisen in negotiations between Premier Lloyd George and Leonid Krassin, Russian Bolshevick minister for trade and commerce, which may result in the definite breaking off of conversations and the departure of M. Krassin from London, according to the Herald, organ of labor.
The newspaper adds the crisis was precipitated by the premier insisting that before negotiations go any further the soviet government must promise compensation to British financiers who have vested interests in Russia. M. Krassin, it is said, offered to discuss this matter at a peace conference, but was met by what is declared to have been a virtual ultimatum.
