**Custom-Tailor-Standard SUITS FOR MEN**

**\$39 and \$49** Mostly Kuppenheimer and Society Brand

It's this way—  
These suits were made to re-tail at \$55 to \$65.

Pretty high prices—but the makers were faced with high costs and big payrolls. Yet, after all, the suits were finished late, and the cut price is made to do a month's selling in a couple of days.

Hand-tailored, as is custom tailoring, wher-ever shape has to be worked in—"kneaded in" is the term. Of course, ordi-nary long seams are machine-sewed—as custom tailors do that part. Silk—all silk for the sewing.

These suits are the top in ready-to-wear clothing. The early prices may have sounded "high"—you didn't have the payrolls to face. But think of such suits of clothes at \$39 and \$49!

For all normal men of 33 to 50 inch chest measure.

**Don't Miss the Men's SILK SHIRTS at \$4.95**

To be sure, the total price is \$5.15, the 20c being for war tax.  
Silk Shirts—made of a fine shirting fabric, wherein cotton threads are used in the colored stripes.  
The low price came through the slump in silk prices, and the owner of the fabric tried to avoid some of his loss by having the fabric made into shirts. Silk values largely "came back," but the shirt prices couldn't be raised.  
Buy liberally—good cotton shirts cost about as much as these silk ones.  
Well shaped; liberal size; shrunk neckband; good pearl buttons; generous double cuffs.  
Styles and colorings will suit men who give a care to hot-weather dress.
