they will celebrate the Fourth of July almost as ardently as it will be relebrated here. Some day or other all civilized nations may do likewise. The ourth is properly an international boliday. It commemorates an event that gave all mankind a new start, a new goal and a new understanding of uman destinies.

There are times when it appears that Americans have forgotten the meaning of the Declaration of Independence and the wars that preceded and followed it. But all you have to do is to scratch the surface of an optimistic and easy. going nation to see that most of us rember and will always remember in any emergency or any real crisis of

A strangely fascinat-ing story could be written about the occult protection which the dictators in the Kremlin have undoubtedly enjoyed and still enjoy in the capitals and councils of the western countries. But the time has not yet come. least, be believed and find a fair hear The general impression resulting from their accounts is that Bolshevik rule in Russia was never so near ab solute, final collapse as it is today, with internal conditions rapidly leading inevitable catastrophe and the Red army, on which the power of Lenice and his acolytes alone still rests, disintegrating daily under the blows ad ministered to it by the victorious Poles.

What strength the Bolshevik dictators still have left they derive solely from the negotiations they are carrying on in London, which inspire them with desperate hope that their rule will yet be recognized and sanctioned by the western world. Krassin's presence in tion and triumph? and it is a very great triumph, pregnant with incalculable consequences. Were it not for this diplomatic victory, according to the ununimous statements of the Swiss refugees whom I questioned, Lenine and Trotzky and the entire soviet system would have fallen on the day the Polish troops entered Kiev, and Russia would already be delivered from their insantyranny.
