

ULTIMATUM SERBO A TRUPPE ITALIANE

Un'altra delle Solite e Stolte
Pretese dei Nemici
d'Italia

Published and Distributed Under
PERMIT NO. 241
Authorized by the act of October 4,
1917, on file at the Postoffice of Phila-
delphia, Pa.
S. BURLINSON,
Postmaster General.

Trieste, 9 luglio.—Nel primo ufficio della corrente settimana un ufficiale dell'esercito serbo ha presentato al Generale Bergamo, comandante delle truppe di occupazione sulla linea d'armistizio, un ultimatum con il quale si chiede che le truppe italiane siano ritirate a dodici miglia ad occidente della linea di armistizio.

Il Generale Bergamo ha risposto con un rifiuto. Il limite del tempo stabilito dall'ultimatum è spirato ieri mattina, ma fino a questo momento non è avvenuto nulla di anormale.

Roma, 8 luglio.—La stampa concordemente elogia i provvedimenti presi dall'On. Giolitti per assicurare che l'ordine interno del paese non sia turbato. L'On. Giolitti per tramite dei Prefetti del Regno è riuscito a ripresentare il principio di autorità in tutta la sua efficienza, con la massa immensa e senza abusi.

Si va così rinsaldando la coscienza dei doveri che incombono nel momento attuale, che consistono soprattutto nella limitazione dei consumi e nell'aumento della produzione.

Fiume, 8 luglio.—Un gruppo di influenti fiumani (?) ha oggi inviato una protesta al Consiglio Nazionale contro i capi del partito autonomista ed in essa ripudiano l'autorità di Gabriele D'Annunzio come comandante in Fiume. Il Dottor Antonio Grossich, presidente del detto Consiglio, ha promesso di interessarsi del caso.

Nella protesta è detto che i firmatari riconoscono il consiglio come il loro governo, ma non possono riconoscere il comando del partito.

La protesta è firmata da un centinaio di uomini di affari e professionisti di Fiume.

LEGION FIELD DAY TO BE HELD SEPT. 18

All Branches in City Will Participate in Athletic Carnival at Penn

The American Legion field day will be celebrated on Franklin Field Saturday, September 18, when athletes of international and national reputation will compete.

This announcement was made today by Edward J. Koellsted and George C. Stranahan, representing a special committee which is co-operating with the posts of the Legion in the county of Philadelphia to organize the legionnaires for a successful event in the fall.

All posts in the city of Philadelphia will participate in the field day. There will be available approximately 24,500 tickets, many of which will be sold to the legionnaires and to the public through the posts. The distribution of tickets, it was announced, will be made to the posts today.

The field day is for the benefit of

the American Legion in the county of Philadelphia and for the benefit of each of the seventy-eight posts in the Legion. The committee having in charge the arrangements for the meet will bring to Philadelphia some of the most notable athletes in the world. Legionnaires in the various posts in which athletic teams have been organized will compete on Franklin Field.

The First Infantry Building Association, which has been started by members of Captain Walter M. Gearty Post, No. 315, opened its first series last night at the post headquarters. This

post has suspended its business meetings for the summer months, but held a special meeting to ratify the constitution adopted at the Allegheny cantonment. The remains of the late Captain Gearty are expected in this country in the fall and the post will render all honors incident to such an occasion.

Russian Seeks Engines
Russian soviets are trying hard to induce the Baldwin Locomotive Works to sell them locomotives. Samuel M. Vaulain, president, says if the ban on the export of locomotives

and other rolling stock to Russia were lifted, 500 locomotives could be immediately sold to the soviets by Baldwin's. Such an order would keep the Baldwin men at work through all of next winter, according to Mr. Vaulain.

No business, however, will be done with the soviets until the prohibition on business with Russia has been modified sufficiently to make such transactions safe and commercially convenient, according to Mr. Vaulain.

Creating Wealth by Subtraction

Once upon a time a millionaire was at death's door. He summoned all his relatives, near and far, to his bedside. He told them he was dying and because he was very rich they were, of course, stricken with grief.

Then the rich man's servants entered with bales and bales of bonds and money until his great fortune was piled high before them. And suddenly the pile was set afire and completely destroyed before the agonized onlookers could interfere.

We talk often of wealth and yet do we understand the difference, to us all, (—to the state) between the burning of a million bushels of wheat and the burning of its price equivalent in money?

Do we all understand the difference between the real production of wealth and increasing prices by decreasing production?

If the nation understood economics, could men successfully urge the limiting of production as a means of increasing our national fortune.

Would any one accept the principle of creating wealth by subtraction?

Our people should be educated in elementary economics.

And national advertising is the best means of national education.

These Beautiful Homes

Just as the Prince of Merchants took the lead, at personal sacrifice of profits, in bringing down the high costs of merchandise, so we have determined to make an effort to make it possible for the public to buy good homes at more reasonable prices. To this end we shall offer our houses and lots west of 60th Street at 10 per cent less than real selling value. The prices on these homes are well known in the neighborhood and the genuine reductions can easily be verified. It is our endeavor to sell these properties directly to those that wish them for occupancy.
