**GREATEST RUPTURE RETAINER**  
The self-adjusting features of this Pad make it easy to wear and the Lumbar Register allows of allowing pressure at will. Most ruptures are allowed to recur because trusses that secured relief at the beginning were not. Our improved splintless and advanced methods insure improvement for every case and cure many.

**Reliable Information**

"The above information was obtained from reliable sources and is believed by us to be correct, but is not guaranteed."

THIS is a familiar phrase often found at the bottom of many advertisements of securities. No house selling securities can guarantee them to the investor. They don't need to if the information relative to the security is reliably passed upon by those who make a specialty of Valuations and Investigations.

Ford, Bacon & Davis Service does just this. It provides the means of ascertaining the facts and making a valuation that can be accepted as reliable. Its name used as the source of a Valuation or Report establishes confidence and adds to the selling power of a security.

**The answer!**

**CAMEL TURKISH & DOMESTIC BLEND CIGARETTES**

**YOUR** taste never tires of Camels! No matter how liberally you light up, *Camels are always refreshing!* That's because they have the quality and because they are made to meet your taste! The longer you smoke Camels the better you like them—they are so unusual, so different from any cigarette you have ever tried!

And, you can mark it down on this spot that you will greatly prefer Camels blend to either kind of tobacco smoked straight! You'll find Camels a revelation—no matter how you compare them with any cigarette in the world at any price!

First of all, Camels are an expert blend of choice Turkish and choice Domestic tobaccos. Camels blend, backed by quality, gives Camels their remarkable mellow mildness never before attained in a cigarette. Yet, Camels have delightful body that is satisfying to the most exacting smoker!

Make a note, too, that Camels leave no unpleasant cigaretty aftertaste nor unpleasant cigaretty odor.

Just as soon as you really know Camels and their quality you will realize why we do not offer coupons or premiums. *Camels certainly tell you their own story in a mighty convincing way!*

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.
