What will become of the mammoth shipyard no one knows. Even Matthew C. Brush, president of the shipbuilding corporation, does not profess to know. Conceived as a wartime undertaking it has served its purpose, he says. As a shipyard in peace times its continued operation is impractical. It probably will be entirely scrapped.

The last ship is scheduled to Wednesday afternoon at 5:24 over" clock. It will be christened the M. C. Brush. A great gathering is ex-pected to witness the launching of the M. C. Brush and the six other vessels, for it will be the last opportunity the while will have of inspecting Hog clared. Island under the management of the American International Shipbuilding Corporation.

> said: Will Complete Work in Hand

commerce. This, according to Mr. Brush, is the greatest number of ships ever gathered in a wet basin at one time. If only one ship a week were de-livered, which he says will probably be exceeded, work at Hog Island will continue for some months. There are now 11,000 men employed

at the yard. These men are gradually leaving for other work. When the yard finally closes the remainder will permeated with Germans during the cost to the consumer no greater. gressman Edmonds and begged him not tries and there will be few men out ries and there will be rew men out f work, it is expected.
