

COX WILL STUMP EAST IN AUGUST

To "Jump Lively" in Initial Speaking Tour of Presidential Campaign

ROOSEVELT TO GO WEST

By the Associated Press
Columbus, O., July 21.—The central and eastern states will comprise the initial speaking tour of Governor Cox, Democratic flag bearer, according to tentative plans announced today. Almost immediately after his notification, now set for August 7, the governor plans to spend the three last weeks in August in these states and then start a western tour early in September.

Will "Jump Lively"
Governor Cox is expected to "jump lively" during his eastern tour. He has promised to address the Ohio Democratic convention here August 17. Among other special dates is a shore dinner at Savin Rock, a resort near New Haven, Conn., during the latter part of August.

Next week, Governor Cox started today on his speech of acceptance will be begun, probably in this city. He plans to leave here late this week for a week-end at home in Dayton and then return here to prepare his address. Inclusion from visitors as far as possible. The governor said his address would require "at least a part of a newspaper page."

He plans to have it printed at his newspaper office in Dayton and said he would have to do a rush job to insure timely distribution to the nation's press.

New "Captain" at Helm

Governor Cox characterized George White, the new national chairman, as a new "captain" when the Democratic campaign craft got under nearly full sail today. Mr. White, a former Ohio congressman and assistant manager of the Cox convention campaign, succeeds Homer S. Cummings, of Iowa, as national chairman. "Fair weather" predictions as many returned home to organize local campaigns. Expressions of confidence of results when the final flag falls were general.

Governor Cox, Chairman White and Treasurer Wilbur Marsh, of Iowa, are mapping out campaign details, including appointment of the special campaign committee authorized by the national committee, location of several major headquarters and finances.

Fatally Hurt in Auto Crash

Seranton, Pa., July 21.—William Conway, of this city, was probably fatally injured when a Pierce-Arrow touring car, owned and driven by Richard Little, twenty-three, of Clark's Summit, left the road and crashed against a telegraph pole and a tree at Clark's Summit early today. Three other occupants of the car, all men, were injured, none seriously. Little escaped injury.

U. S. COAL CONTROL UP TO OPERATORS

Bituminous Producers Warned Pressing Fuel Needs of Nation Must Be Met

INDUSTRY AT CROSSROADS

By the Associated Press
Washington, July 21.—Bituminous coal operators were warned today by J. D. Morrow, vice president of the National Coal Association, that their failure to meet the urgent fuel needs of the country at this time would mean continuation of government control of the industry. Mr. Morrow urged immediate increased production and co-operation with the Interstate Commerce Commission in getting coal moved to the Northwest, New England and upper New York.

"The coal industry is at a crossroads," Mr. Morrow's statement said. "It will either go forward along the splendid pathway of individual enterprise and initiative or it will find itself treading the rocky pathway of everlasting governmental regulation and control. The ability of private enterprise in this business and private enterprise in the management of railways is faced with a test of its sufficiency."

Mr. Morrow cited statistics to show that the Northwest is short 5,000,000 tons of coal ordinarily shipped to it via the Great Lakes, and added that New England and New York state points also were short on shipments. He referred at length to the plan for filling the deficiency, which the Interstate Commerce Commission accepted yesterday, and which gives priority in car supply and car movement to coal destined for these points.

"Failure would justify federal control which would be fastened upon the coal industry permanently," Mr. Morrow continued. "There will be no such failure. This effort deserves the gratitude and assistance of every coal operator in the United States. Whatever inconveniences and sacrifices may be asked for any operator to put this program through should be cheerfully accepted. Every individual operator should do his utmost to comply with the commission's order until the necessary increased production is obtained and furnishes complete relief to the whole situation."

The obstacles were not all overcome, however, with the close of the war, for Bulgaria is still carrying on hostilities with Turkey, and it is almost impossible for a Bulgarian to get a passport to this country. Miss Kondoff went from consulate to consulate without success and finally, after four months, she secured a passport from the Greek government. It was a long journey, twenty-four days in crossing, but she is happy to be in America awaiting the return of McFee, who is hurrying through southern seas on the Turriaba.

Three U. S. Planes Follow Leader
Erie, Pa., July 21.—(By A. P.)—United States army airplanes 1, 2 and 3, members of the squadron flying from Minnesota to Nome, Alaska, got away for Grand Rapids, Mich., this morning. Plane No. 3 arrived there yesterday.

HERO DEAD REACH HOME

Bodies of 881 American Soldiers Arrive at New York

New York, July 21.—(By A. P.)—Bodies of 881 American soldiers who died overseas, arrived here today on the steamship Princess Matoika from Danzig and Antwerp.

Twenty-five "war brides" of French and German nativity were among the first cabin passengers, and Polish repatriated troops composed the majority of the 2004 stowage passengers.

WHALE SEES YACHT RACE

Observers in Navy "Blimp" Espy Cetacean Following Boats

New York, July 21.—Wireless bulletins from a naval albatross which was following the yacht race yesterday, told of a whale that was running near the boats. The bulletin read:

"Our shadow has just passed over the whale. He is swimming about 300 yards astern of us now. From this height he looks to be as big as a shark. The water all about him is whitened from his continual spouting. He is about forty feet long. For the moment the whale has caused us to forget the race."

Farm Board to Inspect Farms

Millville, N. J., July 21.—The members of the Cumberland County Board of Agriculture will make their annual midsummer inspection of the farms and orchards in this section on Wednesday, August 4. The tour will end at Tumbling Dam Park, where J. Lowell, master of the national grange, will deliver an address.

QUALITY AND VALUE

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

THERE is no question about the rapidly increasing popularity of closed cars for all-season use. In the summer the occupants can enjoy the air as thoroughly as in an open car, yet in cold weather the complete protection from the elements with the cozy warmth afforded by the heater makes winter driving as comfortable as though you were seated by the grate fire in your den.

The utmost in riding comfort has been developed in correct

proportioning of the body weight to spring suspension in combination with the deep upholstery of the seats.

The Paige inclosed car, we believe to be the truly efficient automobile—a car of distinctive design, complete appointments, superlative comfort, reliability, and economical upkeep. It typifies the ideals of Paige as the builder of "The Most Beautiful Car in America," and we stand back of it with a service known for its dependability and fairness.
