

# IRISH STRIKE BEGUN IN LARKIN'S BEHALF

### Labor in Dublin Plans to Bring Pressure on American Government

## ANARCHIST IN N. Y. PRISON

By the Associated Press  
 Dublin, July 21.—A general strike was called in Dublin today in pursuance of the movement to secure the release of James Larkin, head of the Transport Workers' Union, who is serving a sentence in New York on conviction of criminal anarchy.

Labor here is divided upon the question of strike, even the Liberty Hall chiefs regarding as futile, it is said, such a method of applying pressure to the American Government. The order to lay down tools was not generally obeyed, but the extreme wing of the labor men expressed determination to do so, and were reported to be forcing the withdrawal of laborers from buildings on O'Connell street.

At the city market armed men caused the workers to cease their tasks, while vehicles were stopped and attacked in the streets.

A procession planned to demonstrate in front of the American consulate was participated in by comparatively few workers. It passed the consulate at 3.30 o'clock. No untoward incident occurred there. The demonstrators confined themselves to cheers for Larkin.

A strong police force was on guard at the consulate. Fears had been expressed that the demonstration would be accompanied by attacks on trains. All that occurred of this sort, so far as could be learned, however, was that a man held up one of the suburban train lines, that to Sandymount, for two hours by intimidating the drivers. Service otherwise was on duty today than had been seen for months, and it was believed in many quarters that ugly scenes were to be expected.

Cork, July 21.—(By A. P.)—A sensation was created here today by the issuance of a proclamation by Major General Strickland, commanding the southern Ireland, prohibiting meetings, assemblies and processions within a three-mile limit of the Cork general postoffice.

The proclamation will become effective tonight. It affects many important local fixtures, including the city regatta.

Victory Medals Ready for Veterans  
 Washington, July 21.—(By A. P.)—Victory medals are being issued by the War Department to world war veterans on individual application only and no arrangements have been made with the American Legion to distribute them. Secretary Baker has informed Marvin G. Sperry, president of the Private Soldiers and Sailors' Legion. Mr. Sperry recently sent a protest to the secretary, saying that national headquarters of the American Legion had announced that arrangements had been made for that organization to distribute the medals.

1776 Inn Site to Be Restored  
 Doylestown, July 21.—Definite action was taken today by the Washington Crossing Park Commission to restore the old ferryhouse and tavern at Washington Crossing, Bucks county, fifteen miles southeast of this place, along the Delaware river. The site named is that made famous by General George Washington when he crossed the river on Christmas night, 1776, commemorating the turning point of the Revolutionary War at the battle of Trenton.

## BERNSTORFF GIVES ADVICE

Urges "Closest Possible Relations" Between Germany and U. S.  
 Berlin, July 21.—(By A. P.)—Count von Bernstorff, former German ambassador to the United States, in a new periodical, *Getreue Eckart*, urges that "all our efforts should be directed toward making our business relations with the United States the closest possible."

He declares that Germany must expect nothing from America politically, "as the Americans are tired from a humanitarian standpoint." This, he says, is explainable by the fact that the "war proved a disappointment for the United States."

Von Bernstorff points out that the Hausentia, who always had been able to get on with the Americans, have succeeded in securing American assistance to rebuild Germany's mercantile fleet, and he believes this may develop into some arrangement to obtain raw materials.

After emphasizing the necessity for the Germans to work hard at reconstruction, as they could only pay their debts by labor, the former ambassador foreshadows the possibility that American capital and German labor may work together in Russia.

## PLANE CARRIES SUMMONS

Denver Lawyer's Plane Beats Train and Papers Are Served  
 Denver, Colo., July 21.—Harry G. Saunders, a Denver attorney, yesterday chased a Union Pacific train in an airplane to serve a summons on J. D. Bird, who Saunders alleges is delinquent in the Denver courts.

Attorney Saunders learned that Bird was intending to leave the state. He hurried to the Union station and found that the Union Pacific with Bird as a passenger, had left a few minutes before. Coming out of the station he met a friend, Donald Hogan, owner of an airplane, and explained his predicament.

Hogan commanded Saunders to jump in his auto and they raced to Hogan's hangar. There they boarded the plane, and at a speed of 120 miles an hour soon overtook and left the train behind.

They reached Hudson before the train arrived there and alighted in an open field near the station. They hurried to the railroad station and Saunders served his summons on Bird when the train stopped.

## DOCTOR TESTS DRY RULING

Asks Right of Director to Limit Prescription Blanks  
 New York, July 21.—The right of federal authorities to limit physicians to 100 liquor prescription blanks every ninety days will be tested by an order obtained in the federal district court here directing Charles R. O'Connor, federal prohibition director for New York state, to show cause why he should not issue additional blanks to Dr. Melville A. Hays.

Dr. Hays said he considered alcohol a necessary stimulant in treating some ailments, but he finds himself unable to obtain prescription blanks from the prohibition director after using up his allotment.

## UNARMED IRISH POLICE SAFE

Belfast, July 21.—Eleven members of the Royal Irish Constabulary were shot dead between July 11 and 19 and with the burning of Cardanagh court house, the third court house in a week. The object of the burning of these buildings has been to prevent the trial of Joseph O'Doherty, Sinn Fein member of Parliament, who has been charged with soliciting subscriptions for the Dail Eireann.

No Dublin metropolitan policeman has been killed since April 20, the men of this force now being unarmed while on duty.

**When Fitch's Steamboat stopped** 1788

John Fitch, a clockmaker and silversmith of Philadelphia, invented a steamboat which made a trip from Kensington to Burlington. On the way back, however, the machinery went wrong and the boat stopped forever, much to the chagrin of the inventor and the worthy citizens who had invested their savings in the new enterprise.

There are many ventures that absorb through failure the savings of unfortunate investors, but there is one that cannot fail and that is a SAVING FUND that is conducted wisely and conservatively.

Investigate our Saving Fund plan.

# TURKEY DECIDES TO SIGN TREATY

### Moslem Plot Against British Bared in Wholesale Arrests at Constantinople

## ACCUSE ENTENTE OFFICIALS

By the Associated Press  
 Constantinople, July 21.—Turkey has decided to sign the peace treaty, it was announced officially today.

The Turkish war office was advised today that the vanguard of the Greek army had entered Adrianople.

Wholesale arrests were made here today in connection with an alleged plot to promote a general uprising of Moslems against foreign occupation.

The confession of one plotter is reported to have implicated high officials of one of the Entente powers in the alleged conspiracy, which was directed chiefly against the British.

It was learned today through French sources here that scattered firing in Adrianople, where the Greeks and Turks have clashed, actually began July 19, artillery and machine guns commencing the attack in which infantry later participated. The civil population, according to the Turkish war office, has been evacuated from Adrianople.

The Greek high commission here has received advices that the fighting is continuing because of Greek preparations to occupy eastern Thrace. The French have charge of communications in Adrianople and consequently their advices generally are credited here.

## TO NAME COMMISSIONERS

New Jersey Borough in Hot Fight Over Nominations  
 Oaklyn, N. J., July 21.—Having adopted the commission form of government to rule this borough, by a majority of some fifty votes, after a fight of taxpayers against present borough officials, citizens will meet tonight to name three candidates to be elected commissioners.

The Taxpayers' League is pushing the movement. Members declare that not one of the present officials will be named as candidates by the league.

It is believed that the mayor and a number of the six councilmen will hold a caucus to nominate three candidates for the ticket to oppose the league's candidates.

## ITALIANS HONOR BOSTONIAN

John H. Fahey Guest at Reception Given by Society in Rome  
 Rome, July 21.—(By A. P.)—The Italian-American Society gave a reception today in honor of John H. Fahey, of Boston, chairman of the American Industrial Commission, which is visiting Italy. Alfred Dennis, American commercial attaché; Henry Gay, the American historian; Professor Alessic, minister of commerce, and representatives of banks, chambers of commerce and co-operative credit associations were among the guests.

Mr. Fahey is making first-hand observations of industrial and financial conditions in this country, seeking chiefly to devise means for bringing down exchange rates so that commercial relations between Italy and the United States may be resumed on normal basis.

## QUITTS IRISH PARLIAMENT

Lynch, Deported by British, Gives Up Seat  
 New York, July 21.—Diarmid Lynch, representative in the "Irish parliament" from the southeast Cork district, announces he has resigned his seat. Mr. Lynch made public a letter to the electors of southeast Cork, informing them that at the time of his election he had contemplated resigning, as having been deported by the English Government he was therefore unable to assume active duty. He eventually concluded it would be unwise for him to resign at that time.

The differences which have divided Mr. de Valera, "president of the Irish republic," and the members of the Dail Eireann now in the United States and the required leaders of the Irish movement here as to the Irish campaign in America, led Mr. Lynch to his final decision to resign his seat. He informs his constituents that he is "generally in agreement with the American leaders."

## FEISAL YIELDS, IS REPORT

Syrian Emir Said to Have Accepted French Ultimatum  
 London, July 21.—(By A. P.)—A dispatch from Egypt to the French authorities here today says it is reported that Emir Feisal, head of the Syrian state, has accepted the terms of the French ultimatum. There has not as yet, however, been any official confirmation of this report.

The Mail says Feisal has appealed to the League of Nations against the French ultimatum. This ultimatum is understood to have demanded Feisal's acquiescence in the French mandate for Syria and also in the adoption of French as the official language and French currency as the currency of Syria.
