Paris, July 26.—The Turkish delegates will not sign the peace treaty to-morrow, owing to their inability to reach Paris in time. A rather apologetic reach Paris in time. A rather applogence note from the Constantinople government to the British foreign office in London today said that traffic interruptions, which probably were the result of military operations, precluded the delegates arriving within the time limit from Turkey by the Allies to describe given Turkey by the Allies to sign the treaty, which expires tomorrow.

Sir Horace Plunkett, writing to the regative.

Sir Horace Plunkett, writing to the Times on the subject of labor's Irish conference with Premier Lloyd George, says that the British people must be reminded of two reasons why the Sinn Fein peacemaker asked for by the premier is "not on the bridge between two extremes." The first reason, says the writer, is that until recently any one putting himself in the position of peacemaker between the government and the Sinn Fein would have been summarily jailed without charge or trial, and, secondly, "because the Irish people have lost all faith in the promises of the British Government."

Constantinople. July 26.—(By A. P.)—Since July 4 Adana, in the southest part of Asia Minor, has been in a state of siege. The French have brought tanks into play and hanged many agitators publicly in an effort to restore order. Railway communication has now been re-e-tablished between Adana and Mersino, about forty miles southwest of Adana.

There are rumors in Constantinople that the Turks are directing a big movement against Adana.

Since the departure of Turkey's neace delegates for Paris with instructions to sign the treaty, the means of railfication have been eagerly desired in Constantinople. Under the Turkish constitution the Chamber of Deputies must ratify treaties. That is impossible under the present circumstances, as a migrity of the chamber is com-

Cork. Ireland, July 26.—Police Sergeant Mulhern, chief of the Intelli-gence Department of West Cork, was shot dead yesterday at the door of a church at Bandon, twenty miles southwest of Cork.

He had left the police barracks shortly before in civilian attire and arrived at the porch of the church just as mass commenced, nearly all of the worshipers already being inside. He paused at the entrance, dipped his fingers in the font and was killed while actually

making the sign of the cross.

Mulhern's assailants were two masked men hiding on the porch, who suddenly Leader of Chinese Military Faction fired several revolver shots at arm's length and then escaped. Death was instantaneous. The members of the congregation were so horror-stricken that the service was suspended for an hour.

Belfast, July 26.—The trouble was started at Lisburn, six miles south of this city, yesterday by a crowd of youths singing an Orange song com-memorating an encounter in County Down in 1849, in which unfavorable reference was made to the pope. This brought a crowd, which, when the cry went up of "Come, boys, let us have it!" proceeded to Hibernian Hall. This was attacked with stones. Thence the crowd went to the residence of Wil-liam Gilmore, said to be the first Sinu Feiner elected to the Lisburn Board of Honolulu, T.
