

NEW JERSEY TROOPS PARADE AT CAMP

Governor's Day at Sea Girt Brings Large Attendance of Guardsmen

REVIEW FOLLOWS LUNCHEON

Camp Edwards, Sea Girt, July 30.—This is Governor's day at Camp Edwards and the troops from north and south Jersey are having a big part in it. Governor Edwards is entertaining hundreds of men of all political parties from Monmouth, Middlesex, Mercer, Hunterdon and Somerset counties. They had an outdoor luncheon on the lawn of the Little White House early in the afternoon, talked about politics, farm crops and prohibition and then went to the big parade ground where Governor Edwards reviewed the troops of the organizations now in camp. The governor was accompanied by Brigadier General John C. Hevey, assistant chief of the bureau of militia affairs of the War Department, who is the week-end guest of Adjutant General and Mrs. Frederick Gibbons. Mrs. Hevey accompanied her husband. The governor was attended by his personal military staff. The troops paraded were the South Jersey companies and those from Elizabeth, Hoboken and Orange, which are to form the new Third New Jersey Infantry; the First Squadron Cavalry with headquarters in Newark and Battery B, heavy field artillery of Camden, to which are attached provisionally about twenty-five men who have been recruited for the reorganized Battery A of East Jersey. The cavalry appeared in the review mounted, the first time since their arrival here that they participated in any of the ceremonies mounted.

LOTTIE PICKFORD The movie star and sister of the more famous Mary has brought suit for divorce from A. G. Rupp, an automobile salesman, on the ground of desertion.

LOTTIE PICKFORD FILES SUIT

Mary's Sister Again Seeks Divorce on Grounds of Desertion Los Angeles, July 30.—Legal steps to obtain a divorce for Lottie Pickford Rupp, motion picture actress and sister of Mary Pickford, from A. G. Rupp, an automobile salesman, were taken by attorneys here yesterday. Desertion and nonsupport were charged. The action is the second attempt of Miss Pickford to get a divorce. She filed suit last December, but dropped it. Mr. Rupp resigned his position with the Cole Motor Car Co. in New York three weeks ago and came to California.

DRAFT DODGER RELEASED

Sentence of Man Serving Five Years Commuted by War Department Leavenworth, Kan., July 30.—(By A. P.)—Brent Dow Allison, of Chicago, serving a five-year term in the Leavenworth federal prison for draft evasion, was released here today by special order of the War Department, commencing the unexpired portion of his sentence. Allison was sentenced to twenty-five years in the federal prison here upon conviction of refusal to respond to his draft call, but later the sentence was reduced to five years. He obtained a clerkship in the American legation at Geneva, Switzerland, and was arrested on the military charge as he departed at Liverpool. He was returned and tried by court-martial. His reduced term would have expired in July, 1921.

Battalion Chief Reinstated Joseph McQuade was reinstated yesterday as a battalion chief in the Bureau of Fire by Director Cortelyou. McQuade resigned from the Bureau of Fire in March, 1914, to take a similar position at Hog Island.

COAL WAGE SCALE PARLEYS RENEWED

Miners and Operators Confer on Day Laborers' Strike in Chicago

WILSON STUDIES SITUATION

By the Associated Press Chicago, July 30.—Members of the coal operators' scale committee of the central competitive field met here today to act upon the invitation of President John L. Lewis, of the United Mine Workers of America, to confer with the miners' scale committee. Chicago members of the committee who went to Washington recently to present information on the strike of day laborers in Illinois mines declared that they could not undertake to change the wage agreement with the miners signed last April unless the government reopened the coal commission hearings which drew up the wage scale. Some members of the committee have declared their willingness to adjust the increase granted the day laborers by the coal commission's award, to make it equal the increase granted other miners, but not until governmental permission is received. The day laborers who struck announced their dissatisfaction with the difference in increases. It was reported today that some of the railroads here were exercising their priority rights and holding in the yards coal which could be used in locomotives. Several hundred cars of coal are said to be in railroad yards here awaiting acceptance by consignees.

wages of mine laborers. Disaffection of the laborers over their wage scale has resulted in the strike in the Illinois and Indiana coal fields which, operators report, has greatly curtailed production. Reports from today that the President might appeal to miners who are on strike in Illinois and Indiana to return to work pending amicable settlement of their grievances. Their demands for an increase in wages probably will be discussed at a conference in New York, Monday, between representatives of four government departments and a committee from the coal industry.

Indianapolis, July 30.—Executive officers of the United Mine Workers of America today were clothed with all authority to take whatever action they deem necessary in the situation created by the walkout of company men and day workers in the Indiana and Illinois coal fields. Blanket authority to act has been conferred on President John L. Lewis and other executive officials of the union by the international executive board, it was announced today. Reports from the Indiana coal fields indicated no change in the situation. Union officials at Terre Haute claimed that virtually every mine in the state was closed.

Pittsburg, Kan., July 30.—Alexander Howat, district president of the United Mine Workers, today wired John L. Lewis, international president, at Indianapolis, that Kansas miners would "use all the power in their command to compel the operators to return every dollar that was stolen from their wages." Several thousand Kansas miners are idle in protest against fines imposed by operators because the miners refused to work Saturdays. Howat's declaration was regarded by operators as tantamount to defiance of the international president. President Lewis, in a recent telegram to the local official, took the stand that the five-day week instituted by the miners, and which resulted in the assessments levied by the operators, was a violation of the union contract.

Omaha Papers Advance Prices Omaha, Neb., July 29.—(By A. P.)—Omaha's three daily newspapers, the Omaha Bee, World-Herald and Daily News, announced today an advance in price of all Sunday and week-day editions. Sunday papers will be sold at three cents, and daily papers at three cents. The change in prices becomes effective Sunday, August 1.

PHONE CONFESSION OF MURDER FALSE

Message Designed to Prevent Electrocuting Without Basis of Fact HOAX SENT AS SLAYER DIES

New York, July 30.—(By A. P.)—Robert Baron, thirty years old, of Brooklyn, was taken to Bellevue Hospital today for psychopathic examination as a result of a telephoned confession of the murder of Patrolman O'Brien, of Rochester, for which crime Elmer Hyatt was electrocuted last night at Sing Sing prison. It was only after a long examination by psychiatrists that Baron admitted he had tried to hoax the police. He said he had a deep interest in the Hyatt case, and that he had called on several ministers to induce them to exert influence to save the youthful murderer from the electric chair. Baron refused to give any information concerning himself or to explain why he was interested in Hyatt. He declined to answer further questions unless the Cuban consul were present. Baron was arrested late last night near a telephone booth from which he had sent a message to Sing Sing prison fourteen minutes before the electric current was applied to the murderer. The message implored the prison authorities not to electrocute Hyatt, declared the youth innocent of the crime and added that he, the messenger, was the real murderer. The police were skeptical, but held Baron on the general charge of vagrancy pending today's examination when the hoax was revealed. Hyatt, eighteen years old, was the youngest of all the 165 criminals who have died in the New York electric chair. Prison officials say there was no doubt of his guilt.

Philadelphian Who Took Dip Before Guards Arrived Nearly Drowned Atlantic City, July 30.—If it had not been for the timely arrival of Life Guards Lerner, Conover and Eaton, W. M. Foote, of Philadelphia, twenty-five years old, would probably have been drowned in Virginia avenue yesterday. Conover is a former star athlete of Penn State College. Foote took a plunge in the surf in the morning, a half hour before the guards report for duty. He was caught in a strong current and sucked beneath the surface of the water. He threw up his hands in a despairing gesture and called for help. Conover and Eaton were coming up the boardwalk on their way to duty. They heard the man's cries and saw his plight. Diving themselves of their outer garments they plunged into the breakers and with buoy and line caught Foote as he was sinking a second time.

Atlantic City, N. J., July 30.—Strategy of shore officials, determined to break up the rolling chair strike which has played havoc with Boardwalk transportation for nearly three weeks, today squelched plans of twenty-seven members of the striking chairmen's union to pose as martyrs in police court. The men were taken into custody as disorderly persons, after they had held a silent protest parade on the Boardwalk last night, with the purpose, chair owners assert, of intimidating strikebreakers. Most of the twenty-seven strikers spent the night behind bars and planned for a demonstration in court today. As they appeared in dock, however, Recorder Goldenberg adjourned the hearings until Saturday. If the defendants refrain from further demonstrations in the meantime it is the intention of the police to waive the charges. Louis Hergman, business agent of the strikers' organization today said the parades will continue until the last member of the union has been arrested. Mayor Bader has handed an ultimatum to both sides in the Boardwalk tie-up. "Both the strikers and the strikebreakers," he said today, "must refrain from interfering with or annoying visitors on the Boardwalk in any way. The slightest disorder on either side will be followed by arrests."

QUIT CIRCUS FOR ARMY

Recruiting Officers Find Profitable Field for Enlistments

Columbia, Pa., July 30.—Life with a circus evidently is not what it is cracked up to be, and the army has discovered it. Recruiting officers today ruined a perfectly good circus and brought to light a new trick being used by seekers of the potential war hero. According to Corporals McAvoy and Eiler, of the local recruiting bureau, it takes little persuasion to enlist anyone from one-half to an entire crew of circus workmen these days. Today they raided the Howe Brothers' show, taking eleven stake hands, which temporarily holds the show here. Last week they enlisted ten circus men at Ephrata and stranded a circus.

NEWARK WHISKY SEIZED

\$25,000 Worth of Intoxicants Taken by U. S. Agents in Saloon Raids Newark, July 30.—Twelve truckloads of whisky, valued at \$25,000, were confiscated yesterday by squads of federal agents from New York, Philadelphia and Pittsburgh in a city-wide raid on saloons and wholesale liquor dealers' establishments. The search for violators of the prohibition law was extended to the suburbs and other sections of the state. Newark apparently was the pivot of operations, fifty-two of the 100 warrants issued being for places in this city. The raids will be continued today. Two men were arrested when they interfered with agents in the seizure of \$8000 worth of liquor in a Washington street saloon. Both were paroled for a hearing today.

Titanic Survivor Dies Milwaukee, July 30.—(By A. P.)—Catherine Crossby, one of the survivors of the White Star liner Titanic, which was sunk off the coast of Newfoundland on April 11, 1912, died here last night. She was seventy-two years old. Her husband was among the 1600 passengers who lost their lives.
