Monday We Begin Sending Home the Goods From the August Furniture Sale

July Steps Down and Off Tonight

After all the wonderfulness of our effort to put a stop to rising prices by our "Patriotic Movement" of May and June, we had a more than normal July.

Now then for August—

**A Most Favorable Furniture Offering—
Actually Now on the Floors**

Be It Remembered

that not merely this and that, but every piece of our guaranteed good quality of furniture now on the floors and as much more besides in our warehouses, or on the rail coming along, is

Set for the August Sale and Lowered in Price

The larger reductions have come from negotiations with manufacturers, growing out of our May and June patriotic movement efforts.

So it is to be seen here that we have made some progress in reducing prices in certain directions.

It is fair to say also that the furniture artists and builders are trying to impress upon us that all of the best woods are scarcer and the best workmen are fewer.

Autumn Gowns of Charmeuse for Young Women

Gleaming navy blue or black charmeuse makes these attractive new frocks, which are here in early Autumn models. Quite a number are embroidered, some in color, and others in tinsel. Necks are round and collarless, usually; sleeves are sometimes short, skirts are plain and accordion pleated.

The lines are youthful and becoming, the dresses are very new and good looking, and they are in sizes 14 to 20 years. Young women who want dark frocks will find these useful to wear now and all through the Autumn.

\$52.50 to \$185.

(Second Floor, Chestnut)
