\$1,000,000

The Northern Ohio Traction & Light Company

Car Trust 8% Gold Certificates

(Issued under the Philadelphia Plan) Fidelity Trust Company, Philadelphia, Trustee

Certificates in denominations of \$1,000 each may be registered as to principal.

Dated August 1, 1920. Due Serially as follows: \$100,000 February 1, 1921 \$100,000 August 1, 1921 100,000 February 1, 1922 100,000 February 1, 1923 100,000 August 1, 1923 100,000 February 1, 1924 100,000 February 1, 1925 100,000 August 1, 1925

Warrants for semi-annual dividends mature February 1st and August 1st. Certificates and dividends payable at the Office of the Trustee. Certificates may be redeemed as a whole or in part on any dividend date, upon 30 days notice, at 101 and accrued dividend. If redeemed in part one or more full maturities must be redeemed, and these must be the last outstanding maturity or maturities.

From a letter of Mr. B. C. Cobb, President of the Company, we summarize as follows. The Certificates are to be issued by the Fidelity Trust Company of Philadelphia.

The equipment under the trust will be leased by the Trustee to the Northern Ohio Traction Light Company and will consist of 20 Steel Interurban Passenger cars, 56 Peter Witt City Passenger cars, and 10 Cleveland type Passenger Trail cars, fully equipped, being built by the Kuhlman Car Co., of Cleveland, Ohio, at a total cost of more than \$1,340,000. The total ost of the equipment will, therefore, be more than 33% in excess of the face value of the Car Trust Certificates to be issued.

The Northern Ohio Traction & Light Company conducts a rapidly growing electric light and power business centering in Akron and operates a system of city and interurban railways in the important Cleveland-Akron-Canton industrial section of Ohio. The population of the entire territory served, including Cleveland, is now estimated at over 1,300,000. For the twelve months ended May 31, 1920, the Company reports a surplus over all charges,

but before depreciation, of \$1,897,525.34. The Company is now paying dividends at the rate of 6% on \$5,451,600 Preferred Stock, and dividends at the rate of 7% on \$9,100,090 Common Stock.

Subject to approval by the Public Utilities Commission of Ohio, and approval of legality by our counsel, Messrs. Henry, Pepper, Bodine & Stokes, we offer these Certificates when, as and if issued and received by us.

NEW YORK

Twill be Called "The Pulp and Paper Boom"

But it is not a boom. World demand and the water-powers and raw materials to fill the demand are behind it.

This is a pulp and paper year — but only one year of many yet to come. Canada's leadership in the industry should increase for the next five years and perhaps for a decade.

Why? Because Canada has the last great accessible forest reserves. The world must have our pulpwood and lumber, and the price must be paid.

Those who possess sound pulp and paper securities should retain them and increase their holdings at every available opportunity.

Write, if you wish, and we will advise you of some choice pulp and paper securities to invest in. Address:

STORM DAMAGES WIRES

Most of Bucks County Crops, However, Are Saved by Harvesting Doylestown, Pa., Aug. 2.-Heavy electrical storms that swept sections of Bucks county yesterday played havoc with telephone communication. After week of perfect weather, farmers harvested most of their field crops, including the grain and hay, so that very little damage was reported by farmers. Several fires occurred, caused by light-

ning.

In the vicinity of Point Pleasant, along the upper Delaware river, many campers were driven from their bungalows and tents, to shelter in the

Allentown, Pa., Aug. 2.—Lightning destroyed the large barn on the farm of William Benninger, member of the legislature, at Walnutport.

Thirty-five head of Holstein cattle, of which he is one of the leading breeders and fanciers in America, were saved. Six horses were burned with much hay and grain and many implements. He estimates hiss loss at \$15,000.

Reading, Aug. 2.—Lightning at night struck the steeple of the First Reformed Church, tearing bricks out of the base, and the scaffold at St. Paul's Catholic Church, now being rebuilt. Neither building was set on fire. Hundreds of telephone lines were burned out and the Metropolitan power plant was forced to shut off electric lights and inlustrial current and street railway

MILL REFUSE KILLS FISH

Thousands Poisoned by Chemicals Seen in Schuylkill River

Persons in the vicinity of Flat Rock dam, in the Schuylkill, yesterday were astonished by the sight of thousands of dead fish of all kinds floating on the surface of the water above the dam. The fish ranged all the way from tiny The fish ranged all the way from tiny minnows to twenty-pound carp. There were also many chubs, suckers, catfish and eels.

An explanation was advanced by Winfield Giles, superintendent of locks Chicago Mil & N Y N H & 1 20 ... 96 4 StP cv 4 4 8 cv 3 4 8 30 ... 96 4 5 ... 96 4 5 ... 96 4 5 ... 96

An explanation was advanced by Winfield Giles, superintendent of locks at Flat Rock dam, who declared his belief that the fish had been poisoned by refuse discharged from the mills that line the banks of the canal above in which he has been superintendent, Mr. Giles asserted, he has never seen such large numbers of dead fish in the

"On Saturday the locks at Consho hocken were opened," the superintend-ent said, "and ever since then I have noticed a greenish, yellowish scum on the surface of the water. It is my theory that the mills in that vicinity are discharging into the cangl some poisonous matter that kills the fish, and I believe that the fish commissioners and the Board of Health should look

Another theory advanced by owners of boathouses in the neighborhool is that the fish were killed by a terrific thunder storm which raged along the upper river Saturday night. The bodies of many of the fish are ripped open, it is said, as if by the concussion of heavy claps of thunder.

PLANT SHADE TREES

Pinchot Promises State Aid in Beau-

tifying Communities Harrisburg, Aug. 2.—In an effort to make the cities and the boroughs of the state more beautiful, and more pleas-ant places in which to live, Gifford Pinchot, state forester, has sent letters to all mayors and burgesses calling atand promising aid from the State De-partment of Forestry.

In his letter he says the department is anxious to help the municipalities of

the state in carrying out systematic planting programs.
"The value of systematic planting and proper care of shade trees along streets." he says, "will add greatly to the attractiveness of your town. To get

the best results from your trees responsibility for this work should be definitely (N. Y. time) fixed. 1:15 "A live Shade Tree Commission has

21 02 greatly benefited many cities and horoughs. If you have not already done by 55.56 so, provisions of the act of May 31, 84.70 1907, might well be accepted by your council and such a commission might be 84.70 1907. mi 88.70 council a 85.06 named. The Department of Forestry will be glad to co-operate with the Shade Tree Commission of your borough by recommending the proper species, time and places for street planting, correct methods for pruning, treatment for
