

PER LE RELAZIONI FRANCO-ITALIANE

Un Prossimo Convegno tra i Primi Ministri Giolitti e Millerand, di Francia

Published and Distributed Under PERMIT NO. 841 Authorized by the act of October 3, 1917, on file at the Postoffice of Philadelphia, Pa. S. BULLISSEON, Postmaster General.

Roma, 2 agosto.—I giornali annunziano che nella corrente settimana avrà luogo un convegno tra l'On. Giolitti ed il Primo Ministro di Francia, On. Millerand. Il convegno avrà luogo in San Giovanni di Moriana, in Savoia.

A proposito del convegno alcuni giornali fanno rilevare che da qualche tempo in qua le relazioni tra la Francia e l'Italia hanno subito un raffreddamento e che il convegno ha lo scopo di chiarire la situazione e potrebbe dissipare le nubi che oscurano l'orizzonte dei rapporti internazionali tra l'Italia e le altre nazioni.

I giornali rilevano, anche, che la politica francese riguardo l'Italia si è rivelata subdola e sleale. La conferenza di Spa ha costituito una nuova delusione per l'Italia. L'Italia ha ottenuto quello che chiedeva ed aveva diritto, ma ha dovuto inchinarsi alla volontà dei forti per non essere incol-

pati di ostruzionismo e per non mandare all'aria i negoziati con la Germania.

Circa la vertenza tra l'Italia e la Grecia, relativamente alla cessione di parte dell'Italia delle isole del Dodecaneso, e' ancora in corso.

Il Ministro di Grecia, Venizelos, si dimostra irremovibile a non firmare il trattato di pace con l'Europa, invitando la Romania e la Bulgaria che si astengono dal firmare il trattato di San Germaino e quello di Neully.

Constantinopoli, 31 luglio.—(ritardato) —Notizie giunte da Odesa dicono che in quel Porto sono arrivati due piroscafi mercantili italiani carichi di merci. L'arrivo dei due piroscafi e' stato accolto con giubilo dai bolscevichi, che

hanno subito comperato il carico, principalmente composto di generi manifatturati.

Due Vapori francesi sono giunti nel Bosforo con 4000 prigionieri russi, provenienti dalla Francia, i quali furono catturati al fronte francese all'epoca della guerra, quando si rifiutarono di combattere dopo aver appreso in notizia della rivoluzione bolscevica in Russia.

What the Architect Knows

ELI Jones concluded to build a house. He and his wife decided on the general style and materials—or thought they had—and made a rough plan; but they wisely called in an architect just to put their ideas into proper shape.

The result of calling in the architect was that by using common brick with face-brick trimmings, instead of face-brick and cement, Mr. and Mrs. Jones got a beautiful house with two rooms and a sleeping-porch more than they had planned; they got also a basement garage, saving the entire cost of a separate building; and they got the whole for a little less than the total cost they had figured on.

Why? Because their architect knew the possibilities of common brick, which they didn't; and he knew how to handle the materials so as to get effects of which they had never dreamed.

A good architect knows what can be done with common brick, and how to handle it. You don't. Be wise before you begin, not when you are through—get an architect at the start.

BUILT WITH BRICK—IT LASTS FOREVER.

You know "it's toasted." But do you know why?

LUCKY STRIKE is the toasted cigarette. Lucky Strike is the toasted pipe tobacco. And because Lucky Strike is toasted it preserves the Burley flavor for you until you smoke it.

The exact reason for this is interesting. You see, when Lucky Strike is toasted the heat closes the pores in the Burley leaves, and literally seals in the Burley flavor. It stays there for months—years—until it is released by burning in your pipe or cigarette.

Or take the method of the bee. You can put a honey-comb away for months or years and the flavor is always there—inside. This is because the bees put a thin coating of wax over the honey and seal it in, so it lasts forever.

The same with Lucky Strike. Toasting the tobacco seals in the delicious Burley flavor, to be "called for when wanted."

Whether you are a cigarette smoker or a pipe smoker you should get acquainted with the special and unequalled flavor of toasted Burley tobacco—to be found only in the Lucky Strike brand. Buy a package and you will notice this improved taste immediately.
