

HARDING APPEALS FOR RATIFICATION

Wires Tennessee Leaders to Use Influence in Passing Suffrage Measure

ENCOURAGES MRS. CATT

By the Associated Press
Marion, O., Aug. 5.—Further influence for ratification of the woman suffrage amendment by the Tennessee Legislature was exerted today by Senator Harding in telegrams to Republican and suffrage leaders at Nashville.

To State Senator John C. Hook, chairman of the Republican state committee, the nominee wired as follows: "With the approach of a decision by the General Assembly of Tennessee on the matter of ratifying the suffrage amendment to the federal constitution, I would like to be advised as to poll of Republican members. I cling to the belief that the Tennessee Republicans are in a position to give both party and country by effecting ratification. Will welcome advice as to whether I can aid in securing this act of justice to the women citizenship of our nation."

He also sent a telegram of encouragement to Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association, in response to a joint appeal for help from her and Mrs. George Fort Milton, president of the Tennessee League of Women Voters. The message to Mrs. Catt follows:

"Your telegram received. No discouragement is voiced from here. On the contrary, we are contributing to encourage the Republicans of the Tennessee General Assembly to join cordially in the effort to consummate ratification."

Correspondence and more political references occupied Senator Harding most of today, although he set aside time in the afternoon to receive a dele-

gation from Ohio State University and to visit as a guest of honor the reunion here of Spanish War veterans of the old Fourth Ohio Infantry. The delegation from the university was to arrive late in the day, and be received by the nominee on the front porch, but he did not intend to make a speech.

Senator Watson, of Indiana, who came to Marion yesterday to see the nominee, issued a statement today declaring that George White's selection as Democratic national chairman had helped cement President Wilson's hold on the Democratic organization.

"Mr. White is himself a Princeton graduate," said the statement. "I have often talked with him about the President, his admiration for whom he has made no secret. Mr. White's selection was no compromise at all, because President Wilson wins at all points."

Nashville, Tenn., Aug. 5.—(By A. P.)—The Tennessee Constitutional League, with a board of directors consisting of three Democrats and three Republicans, today sent requests to Governor Cox and Senator Harding that political pressure on the Tennessee Legislature be removed.

The letter to Governor Cox was written by Judge Joseph C. Higgins, former member of the Court of Civil Appeals, and that to Senator Harding by Judge G. N. Tillman, who in 1890 polled the highest vote ever given a Republican candidate for governor of Tennessee.

COX NOTIFICATION PLANS ELABORATE

Democrats From Many States En Route—Dayton Ready to Welcome

GOVERNOR HARD AT WORK

By the Associated Press
Dayton, Aug. 5.—With his presidential nomination ceremonies only two days distant, Governor Cox, the Democratic candidate, was hard pressed today with preliminary details and closing up Ohio executive and personal affairs to be free for the campaign after next Saturday's event.

Many Democratic leaders, including George White, chairman of the national committee, and Senator Harrison, of Mississippi, head of the speakers' bureau, were reported en route here for pre-notification conferences. The advance guard of Democratic pilgrims also was expected. Hotels were filling up, more decorations appearing and the local committee on arrangements was busy completing preparations for the Democratic convocate.

Makeup of the special campaign committee and the speaking itineraries of Governor Cox and his running mate, Franklin D. Roosevelt, are the principal affairs remaining to complete the campaign organization. Announcements are expected soon after Chairman White and others prominent in the Cox-Roosevelt organization get en route.

An aggressive fight was announced yesterday by Governor Cox in his address at a picnic of local Democrats, in which he declared the Democrats would be on the offensive and charged the Republicans with "blowing around the stump" and presenting opposition of "expediency pure and simple" by appeal to various groups. The governor also declared his acceptance speech would be so plain that it could be understood by school children.

To care for the crowds expected on Saturday, Dayton residents are being

asked to throw open their homes to visitors over the week-end and also to supply automobiles to meet visiting delegations. Large quotas are reported coming from nearby states, including Pennsylvania, and from New York.

Arrangements at the Montgomery county fair grounds, where the ceremonies will take place, were well toward completion today, the temporary amphitheatre for the notification and national committee, the press and distinguished guests being virtually finished. Wires were strung to the judges' stand on the race track, from which Governor Cox will speak, and the "magna vox," a sound amplifying device, was installed today.

The governor today inspected a test of the device and he and J. Sprigg McMahon, chairman of the local arrangements committee, expressed their satisfaction with it. Governor Cox said it carried the sound of a watch tick hundreds of yards distant.

Governor Cox summoned extra stenographers to his office here today in the hope of clearing his desk completely of state and other affairs, to leave him free for the campaign hereafter. One of the questions before him was a further move in Tennessee in an effort to effect ratification of federal woman suffrage amendment. The governor hopes that despite adverse reports, Tennessee may furnish the necessary thirty-sixth vote.

The governor held another conference today on the situation with Mrs. Abby Scott Baker, of the National Woman's party.

Assurance for "Cox weather" next Saturday was given to the governor today by the local weather forecaster. No disturbances, except noisiness, were in sight, the governor was told.

DEATH BLAST SUSPICIOUS

Killing of Laverty Possibly Not Due to Accident

Norristown, Pa., Aug. 5.—Additional information that has come to Coroner Neville relative to the killing of Frank Laverty, of Sharon Hill, by a blast at the Millard stone quarries at King of Prussia on Tuesday evening may cause him to hold an inquest.

According to Dr. B. F. Hubley, of Norristown, who witnessed the fatal accident, Laverty did not willfully drive into the danger zone.

"A tough-looking, poorly dressed man appeared in the Gulph road and held up his hand," said Doctor Hubley. "I stopped because I was familiar with the location, but I did not expect there would be a blast, but thought that cars were being shifted over the siding into the quarry. The man did not have a flag of danger or anything else in his hand. The location and the appearance of the man may well have suggested to Laverty a hold-up."

In view of these facts and for the future safety of many persons who pass the quarry, the coroner is asked to make a vigorous investigation to determine whether Laverty's death was due to criminal negligence.
