Philadelphia, Tuesday, August 10, 1920

A FOUR-YEAR PROGRAM FOR PHILADELPHIA

Things on which the people expect the new administration to concent trate its attention:

The Delaware river brulge. A drydock big enough to accommo-date the largest ships. Development of the rapid transit system.

tem. A convention hall. A building for the Free Library. An Art Museum. Enlargement of the water supply. Homes to accommodate the popula-tion.

#### THE TEST IN TENNESSEE

THE question before the Tennessee Legislature which convened vesterday is neither the readiness or unreadiness of the nation for suffrage nor the merits or demerits of woman franchise. The country is ready for suffrage. The weight of public sentiment favors Both political parties have posed as its champions. If there is hesitancy in Nashville it will be for about the same reason that there was delay and dually

Professional politicians are having mind of the child is, within its sphere of tempt for us and our principles that inaction in Dover. deuce of a time making up their experience, the mind of the man. We might in time cost us far more in actual minds which will be the most embarrassing-the creation of a new class of between two schools of psychologists, sale of the ships. voters who perhaps may not be at all one of which insists that the infant's As a nation, we are firm believers in TTHE committee in charge of the dedresponsive to gang campaign methods mind is a blank sheet of paper, on good advertising.
